Appendix A: Guideline Development Group Declarations of Interest

A.1 Guideline Development Group Declarations of Interest [2004]

The following people have declared no competing interests in relation to the guideline: Keith MacDermott; Mary Sanderson; Malcolm Thomas; Stephen Wright.

MN (Joe) Asghar is employed by the Department of Health and has previously worked for 3M Pharmaceuticals as a member of their professional advisory committee.

James Dalrymple is a member of the Primary Care Society of Gastroenterology, attending the annual meeting supported by Wyeth; he was a member of the Norfolk Dyspepsia Guidelines Group 1999 & 2001.

Brendan Delaney has received speaking honoraria from AstraZeneca UK, Astra-Zeneca Canada, Astra-Zeneca Sweden, AxCanPharma Canada, Eisai, but has never held a consultancy role; he has also received research grants in dyspepsia from the Medical Research Council and is supported by an NHS R&D Primary Care Career Scientist Award.

James Mason has previously received academic grants, fees and expenses for research and consultancy work from the UK Department of Health, medical charities and from the pharmaceutical industry who manufacture treatments discussed in this report.

Paul Moayyedi has received funding from the Medical Research Council; is a member of Gastroduodenal section of the British Society of Gastroenterology; is acting coordinating editor for the Cochrane upper gastrointestinal and pancreatic diseases group; is an Independent Medical Advisor for Astra-Zeneca and has received speakers' fees from AstraZeneca, Wyeth, Byk Gulden, Esai and Abbott.

Anan Raghunath has attended occasional Primary Care Advisory meetings with AstraZeneca; he is also studying for a PhD on Use of Proton Pump Inhibitors in General Practice at the University of Durham.

Robert Walt produced the first and revised BSG Dyspepsia Guidelines; has received academic support for education and research from GlaxoSmithKline, Astra, Janssen, Wyeth, Searle, MSD; and has no formal consultancy at present or in the past 5 years.
