NOF welcomed the GDG to the 10th Stable Angina (SA) guideline development group (GDG) meeting and briefed the group on the meetings' objectives.

The GDG members declared that they were no changes in their personal specific, personal non-specific, non-personal specific or non-personal non-specific interests since the previous GDG meeting.

The meeting then proceeded by addressing the topics below in a sequential manner:

Evidence Review for "Pain Interventions in Stable Angina/Refractory Angina": The Co-optee Prof. Michael Chester presented on Refractory Angina. This was followed by the presentation of the second Co-optee Dr Austin Leach on pain interventions. Following the departure of the Co-optees, SR presented the clinical evidence available on these topics. The GDG considered all the evidence presented by both the Co-optees and the Research Fellow, and proceeded with the drafting of recommendations.

Drafting of Research Recommendations: PK introduced how research recommendations are drafted and volunteers were requested from the GDG to help with the drafting.

Revisit Recommendations: NOF introduced the list of all recommendations made-so-far and revisions were discussed.

SUMMARY AND ANY OTHER BUSINESS

The GDG agreed and signed off the minutes from the 10th GDG meeting on the 8th of September 2010 (i.e. on the 11th GDG meeting).
