## Endorsed resource – CareFall elearning package

Implementation support Published: 23 May 2015

www.nice.org.uk

## **Royal College of Physicians**

This <u>CareFall elearning package</u> supports most of the recommendations within the NICE guideline on <u>falls in older people: assessing risk and prevention</u>. In addition, it also supports the recommendations relating to adult in-patients with <u>head Injury</u>. It is also in line with the statements on analgesia and surgery in the quality standard for <u>hip fracture in adults</u>.
