Dear [REDACTED]

Re: Adalimumab, etanercept, infliximab, rituximab and abatacept for the treatment of rheumatoid arthritis after the failure of a TNF inhibitor

On behalf of ARMA I am delighted to endorse the attached submission from the Royal College of Nursing.

ARMA is the umbrella body providing a collective voice for the arthritis and musculoskeletal community in the UK. ARMA has over 30 member organisations representing a broad range of interests across service user, professional and research groups working in the field of musculoskeletal conditions. ARMA will be working with the British Society for Rheumatology, National Rheumatoid Arthritis Society and the Royal College of Nursing throughout this appraisal.

Please do not hesitate to contact us for further information.

Yours sincerely
