Dear [REDACTED]

**Final Appraisal Determination: immunosuppressive therapy for kidney transplantation
in adults**

I am now able to let you have my final scrutiny decision in respect of your appeal points against recommendation 1.4 of the above Final Appraisal Determination. As I noted in my initial scrutiny letter, I consider the points you made in your original appeal letter to be valid under Ground 2. There will be an oral hearing, details of which have been separately notified to you.

Yours sincerely
