Equality impact assessment – Scoping

**STA Abiraterone for treating newly diagnosed high risk
metastatic hormone-naive prostate cancer**

The impact on equality has been assessed during this appraisal according to the principles of the NICE equality scheme.

1. Have any potential equality issues been identified during the scoping process (draft scope consultation and scoping workshop discussion), and, if so, what are they?

No equality issues were identified during the scoping process.

2. What is the preliminary view as to what extent these potential equality issues need addressing by the committee?

Not applicable

3. Has any change to the draft scope been agreed to highlight potential equality issues?

No.

4. Have any additional stakeholders related to potential equality issues been identified during the scoping process, and, if so, have changes to the matrix been made?

No.
