Notes**Wednesday 26 March 2014**

1. Clare Taylor, the editor for National Collaborating Centre for Mental Health, was introduced to the group.

Apologies were received from Jane Barlow and Alain Gregoire.

2. GDG members declared interests.

There were no matters arising.

Service user representatives expressed their concerns.

3. OMV presented the clinical evidence on experience of care.
4. A clinical review of the pharmacological interventions was presented by IS and OMV.
5. IS presented the harm data for antipsychotics looking at the following outcomes: teratogenic, neonatal and obstetric and neurodevelopmental.
6. OMV presented the evidence on interventions related to traumatic birth, such as tokophobia, miscarriage and stillbirth.

Thursday 27 March 2014

Apologies were received from Alain Gregoire

7. Anne Louise Clayton (ALC), the editor at NICE, explained how the recommendations are drafted and what products are derived from the guideline.
8. IS summarised the previously presented clinical evidence on relationship based interventions.
9. SP gave the group a summary of yesterday's discussions/ agreements regarding the NICE guideline recommendations.
10. SP explained to the GDG the process of selecting research recommendations. The GDG were then asked to select which areas should be prioritised.
11. The GDG brought their attention back discussing the NICE guideline recommendations.

Date, time and venue of the next meeting
