## Consultation on guideline surveillance proposal

### How to submit your consultation comments online

#### Please note:

To leave a response you must sign into your NICE account. If you don't already have a NICE account, [you can create one](#).

- Select the first bullet point on the consultation page that says **Surveillance review proposal (online version)**

Example here is for the [CG97 consultation for surveillance review proposal](#)

## Surveillance consultation

The clinical guideline on Lower urinary tract symptoms in men: management (CG97) has been changed. Registered stakeholders for the guideline are invited to comment on the provisional decision via the consultation page. If you're commenting for an organisation, your organisation needs to be [registered as a stakeholder](#). Not eligible? Contact the registered [stakeholder organisation](#) that most closely represents your organisation. We can accept comments from individuals. These will be considered, but you won't get a formal response. Where possible we encourage you to submit your comments through a registered stakeholder organisation. Note that the provisional review decision presented here does not constitute NICE's formal decision on the guideline consultation.
