Susan Latchem NICE commissioning manager
Bernard Higgins NCGC Clinical Director
Dave Wonderling NCGC Health Economics Lead

Apologies:
Lynn Owens Nurse (detoxification)

Alcohol use disorders NICE guideline DRAFT Minutes of GDG8 meeting Page 1 of 3
1 Welcome, apologies and declarations of interest

The Chair welcomed everyone to the meeting. Apologies were received from Lynn Owens. The declarations of interests register was made available to the GDG Chair. The chair requested updates to the existing declarations of interests from GDG members. Steve Stewart and Anne McCune declared they are involved in a clinical trial of steroids in hepatitis which is about to begin recruiting shortly. No declarations of interests were deemed in conflict with the agenda topics and clinical questions under discussion at the meeting.

2 Evidence and recommendations from GDG8 review questions

The GDG reviewed the content from the previous meeting and noted a few small changes to the draft recommendations in the areas of nutritional support for people with alcohol-related pancreatitis and diagnosis of chronic pancreatitis.

3 Review questions for GDG9

The clinical and cost-effectiveness evidence was discussed and recommendations drafted for the following review questions:

- Safety and efficacy of corticosteroids in the management of acute alcohol-related pancreatitis
- Nutritional support for people with acute alcohol-related hepatitis

4 Health economic modelling of acute alcohol withdrawal

The health economist discussed the limitation and assumptions of the analysis on the cost-effectiveness of management interventions for pancreatitis.
5 Any other business

There was no other business.

6 Next meeting

The 11th GDG development meeting (GDG11) will be held at the Royal College of Physicians, 11.00–16.30, 16 June 2009.
