**1. Introduction**

The Chair welcomed attendees to the Acute Upper GI Bleeding (UGIB) guideline development group (GDG) meeting 1 and asked members to introduce themselves. Then the Chair asked all GDG members to declare any relevant conflicts of interest. All declared that they had no personal specific, personal non-specific, non-personal specific or non-personal non-specific interests to declare since their previous declaration (upon acceptance of their GDG role). Subsequently, the Chair briefed the group on the meeting objectives.

**2. Presentations:** The following presentations were delivered to the Guideline Development Group, in order to A. introduce the attendees to the role of the GDG, the National Clinical Guideline Centre, the National Institute for Health and Clinical Excellence and its Patient/Carer Involvement Programme as well as B. to provide an overview of the guideline development process. The GDG were also introduced to the Scope of the Guideline, and how Health Economics, Information Science and Research methods will be used throughout development.
