Equality impact assessment

[Psychosis and schizophrenia in children and young people]

4.0 Final guideline (to be completed by the Developer before GE consideration of final guideline)

4.1 Have any additional potential equality issues been raised during the consultation, and, if so, how has the Committee addressed them?
Additional potential equality issues have not been raised during the consultation.

4.2 If the recommendations have changed after consultation, are there any recommendations that make it more difficult in practice for a specific group to access services compared with other groups? If so, what are the barriers to, or difficulties with, access for the specific group?
The recommendations have not changed after consultation.

4.3 If the recommendations have changed after consultation, is there potential for the recommendations to have an adverse impact on people with disabilities because of something that is a consequence of the disability?
N/A

4.4 If the recommendations have changed after consultation, are there any recommendations or explanations that the Committee could make to remove or alleviate barriers to, or difficulties with, access to services identified in questions 4.2, 4.3 and 4.4, or otherwise fulfil NICE's obligations to advance equality?

N/A

4.5 Have the Committee's considerations of equality issues been described in the final guideline document, and, if so, where?

No additional equality issues were identified during and post consultation. Equalities issues considered during development have been described in the review protocols (as subgroups for analysis) and in the 'linking evidence to recommendation' section of the guideline.
