Royal Liverpool and Broadgreen University Hospitals NHS Trust have produced a [framework](#) that supports the recommendations relating to in-patient nursing care in the NICE guidelines on:

- [medicines optimisation](#)
- [falls in older people](#)
- [dementia](#)
- [nutrition support for adults](#)
- [intravenous fluid therapy](#)
- [acute illness in adults in hospital](#)
- [care of dying adults](#)
- [violence and aggression](#)
- [challenging behaviour and learning disabilities](#)

It also supports statements regarding in-patient care within the NICE quality standards on [pressure ulcers](#) and [dementia](#).
