| NICE staff | Ben Doak                 | Guideline Commissioning Manager |
|            | Catharine Baden-Daintree | Senior Editor                   |

## Notes

1. Introductions and apologies. PS welcomed everyone to the meeting. Apologies were noted from Nicholas Palmer. The GDG were informed that Jill Parnham had handed over the guideline lead role for this guideline to Serena Carville.
2. Declarations of Interest. All GDG members were asked to verbally declare any new declarations of interests since GDG9. No new declarations were noted.
3. Draft working notes and NICE minutes from GDG9. The minutes and working notes were agreed as an accurate reflection of the meeting.
4. Evidence review: Risk of developing and/or progression of CKD after an episode of AKI. CB presented the evidence for this review question. The GDG discussed the evidence and drafted recommendations.
5. Updated Economic plans. DW updated the GDG on the updated economic plan for the guideline, as per discussions at GDG 9.
6. Updated evidence from the re-run of the literature searches. SC presented the updated reviews for the research questions in which new evidence had been identified. The updated topics were:
  - Classification of CKD
  - Measurement of kidney function
  - Antiplatelets and anticoagulants
  - RAAS antagonists.The GDG reviewed the draft recommendations and amended them as appropriate.
7. Cause of CKD. SC presented additional analysis of data for the cause of CKD review. The GDG reviewed the draft recommendations made at GDG 9.
8. Research recommendations. SC presented the template for drafting research recommendations. The GDG reviewed the list of research recommendations that had been suggested to date. Topics were prioritised for writing up in full and GDG members volunteered to draft these.
9. Draft recommendations. The GDG reviewed the full list of draft recommendations which had been edited to NICE. Further edits were made.
10. Any other business. The GDG were informed of the progress of the lipids guideline review of the use of statins for people with CKD.

## Date, time and venue of the next meeting

GDG11: 18<sup>th</sup> October 2013, 10:00–16:00, Boardroom, NCGC offices, 180 Great Portland Street
