

Chronic kidney disease: Early identification and management of chronic disease in adults in primary and secondary care (partial update)

National Clinical Guideline Centre

3rd Guideline Development Group Meeting

Date and Time: 20th December 10:00 – 16:00

Place: NCGC, 180 Great Portland Street, London

Invited:

Paul Stevens, Chair (PS)

Technical team

Serena Carville, Senior Research Fellow (SC)

Lilian Li, Health Economist (LL)

Jill Parnham, Guideline Lead (JP)

GDG members

Paula D'Souza, Renal Nurse

Hugh Gallagher, Nephrologist

Kathryn Griffith, GP

Karen Jenkins, Renal Nurse

Ed Lamb, Clinical Biochemist

Robert Lewis, Nephrologist

Fiona Loud, Lay member

Shelagh O'Riordan, Geriatrician

Nicholas Palmer, Lay member

Paul Roderick, Professor of Public health

NICE

Anna Poppa, Senior Medical Editor

Apologies

Caroline Blaine, Research Fellow

Ben Doak, NICE Guideline Commissioning Manager

Nevine El-Sherbini, Dietician

Paul Kendrew, Renal Pharmacist

Sharon Swain, Senior research fellow

Lisbeth Hoeg-Jensen, Project Manager

Richard Whittome, Information Scientist

Minutes

- 1. Introductions and apologies.** PS welcomed everyone to the meeting and introduced Anna Poppa, senior editor at NICE and lead editor on the CKD update.
- 2. Presentation from NICE Editor.** Anna Poppa gave a presentation explaining the 4 different NICE products – 1) full guideline produced by the NCGC, 2) the NICE guideline, 3) the NICE pathway,

which is an electronic pathway focusing on the recommendations linking to other guidance, and finally 4) the information for the public - a summary of the recommendations for patients, family members and carers and the wider public.

A summary was given about how recommendations should be phrased. They are written in the active voice, present tense. They should be as simple and as easy to understand as possible, using plain English and focusing on the action and what the reader needs to know.

- 3. Declarations of Interest.** All GDG members were asked to verbally declare any new declarations of interests since GDG 2. New declarations of interests were declared by Karen Jenkins, Fiona Loud, Robert Lewis, Ed Lamb, Paul Stevens and Sheila O’Riordan:

Karen Jenkins: Participated in a training workshop for dieticians sponsored by Sanofi pharmaceuticals on 5th December 2012 and will be due to receive travel expenses only. Personal specific non-pecuniary interest.

Fiona Loud: The Kidney Alliance has invited funding for its World Kidney Day 2013 as well as funding for its 2013-2014 review of the National Service Framework. Funding received from Amgen for World Kidney Day 2013. Non-personal specific pecuniary interest.

Robert Lewis:

- 1) Author of a book “Chronic Kidney Disease – a Guide for the Non-Specialist” published by MK publishing in October 2012. Non-pecuniary, non-industry personal interest.
- 2) Author of an article on CKD for the Primary Care Cardiovascular Journal. Non-pecuniary, non-industry personal interest.
- 3) Author of a series of articles for Pulse magazine on CKD. Non-pecuniary, non-industry personal interest.

Ed Lamb: Co-applicant on an HTA for a bicarbonate study. It was noted that the HTA is non-industry funded (a grant). Non-personal, non-specific pecuniary interest.

Paul Stevens: Investigator on an HTA for a bicarbonate study. Personal, non-pecuniary, non-specific interest.

Shelagh O’Riordan: Investigator on an HTA for a bicarbonate study. Personal, non-pecuniary, non-specific interest.

All the above DOIs were defined as declare and participate.

- 4. Draft working notes and NICE minutes from GDG2.** The draft working notes were agreed with a small amendment to the description of a study in one of the evidence reports. The NICE minutes were agreed as an accurate report of the meeting and accepted without changes.
- 5. Evidence review: Oral bicarbonate for acidosis.** The evidence report was presented by SC and the GDG discussed draft recommendations.
- 6. Evidence review: Vitamin D for renal bone disease.** The evidence report was presented by SC and the GDG discussed draft recommendations.
- 7. Draft health economics work plan.** LL presented the draft economics plan that has to be submitted to NICE by 16th January 2013. The GDG discussed the presentation and content of the economic analysis of the prioritised 2 review areas.
- 8. Completed evidence reports for hyperuricaemia and low protein diet.** JP gave the GDG an overview of the evidence reports that have been written up as a result of the last meetings.
- 9. Any other business.** Tuesday 29th April 2014 was agreed for GDG12.

Date, time and venue of the next meeting:

1st February 2013, 10:00 – 16:00, Boardroom, NCGC offices, 180 Great Portland Street
