Declarations of Interest

The Chair welcomed the GDG to the 11th Chest Pain (CP) guideline development group (GDG) meeting and briefed the group on the meetings objectives.

Apologies were received from (CJ)

(AT) asked the GDG to check their declarations of interest to date were correct in advance of submission of the draft guideline, and informed them that any amendments should be emailed or passed to (DH) at close of the meeting. No declarations of interest were received for topics discussed at this meeting.

In addition (AT) asked the GDG to check the validity of their affiliations, as would be listed in the body of the guideline, and make (DH) aware of any amendments.

The following topics were presented and discussed by the GDG:

- Review of cost effectiveness for calcium scoring
- Review of cost effectiveness model for functional testing as first line
- Review of recommendations for stable chest pain
- Review of investigations care pathway for stable chest pain

In addition the GDG discussed definition of risk levels, key priorities and timetable and future for the remainder of the guideline.

SUMMARY AND ANY OTHER BUSINESS

The GDG agreed the minutes from the meeting on 20th February 2009.
