

Diagnostics Advisory Committee Interests Register

Topic: Quantitative faecal immunochemical tests to guide colorectal cancer pathway referral in primary care

Name	Role with NICE	Type of interest	Description of interest	Interest arose	Interest declared	Interest ceased	Comments
Brian Shine	Standing committee member	Indirect	I have published several papers on the use of FIT for assessment of people with symptoms in primary care. Although this work was done using a single assay, the conclusions are robust and transferrable to other assays. I have not received any honoraria for this work, but my department has received free kits for evaluation from the manufacturer.		July 2022		<i>Able to participate in Part 1 only, AD July 2022</i>
