Disclaimer
Healthcare professionals are expected to take NICE clinical guidelines fully into account when exercising their clinical judgement. However, the guidance does not override the responsibility of healthcare professionals to make decisions appropriate to the circumstances of each patient, in consultation with the patient and/or their guardian or carer.

### Appendix I: Search strategies - economic evidence 2017

Each search was constructed using the groups of terms set out in Table 1. The full set of search terms is documented in sections I.1 to I.2.2. The selection of search terms was kept broad to maximise retrieval of evidence in a wide range of areas of interest to the Guideline Committee.
