

## Maternal and Child Nutrition Advisory Committee Interests Register

Register last updated: 25/09/2023

Name	Role with NICE	Type of interest	Description of interest	Interest arose	Interest declared	Interest ceased	Comments
Dr Sarah Jeffries	Chair	Direct, financial	Clinical Director for Cancer and Consultant Clinical Oncologist at Addenbrooke's Hospital	Interest arose more than 12 months before appointment	02/12/2020	31/10/2022	Declare and participate  Rationale: Not specific to the guideline
Dr Sarah Jeffries	Chair	Direct, financial	Deputy Medical Director – Cambridge University Hospital	October 2022	07/10/2022	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Dr Sarah Jefferies	Chair	Direct, financial	Private Practice undertaken through the Cambridge Oncology Partnership. Private practice does not differ to NHS practice. Payment is on a fee per service basis. Care of patients with CNS and Thyroid Tumours at Nuffield Hospital	2004	10/03/2021	Ongoing	Declare and participate  Rationale: Private practice is not undertaken in an area that is relevant to the guideline

			Cambridge and Genesis Cancer Care Newmarket				
Dr Sarah Jefferies	Chair	Direct, financial	Investment shares for Genesis Cancer Care Centre at Newmarket – as Director of Limited Company Saunders and Jefferies Limited (Mr. R D Saunders – spouse)	2018	10/03/2021	Ongoing	Declare and participate  Rationale: Investment shares are not in an area that is relevant to the guideline
Dr Sarah Jefferies	Chair	Direct, financial	Along with spouse (Mr R D Saunders) holds investment ISA's where they oversee the investment funds	TBC	18/03/2021	Ongoing	Declare and participate.  Rationale: Although the investment funds are overseen by the individual, there are no individual shareholdings in companies that could impact on a guideline on maternal and child nutrition
Dr Sarah Jefferies	Chair	Direct, financial	Director of the European Society for Therapeutic Radiology and Oncology	2018	10/03/2021	Ongoing	Declare and participate

			(ESTRO) for CNS Tumour teaching course (attended and on-line) – attendance remunerated for 3 days (~ 300 Euros).				Rationale: Not specific to the guideline
Dr Sarah Jefferies	Chair	Direct, non-financial professional and personal	Principle investigator for commercial and non-commercial studies in brain and thyroid tumours – no personal remuneration	2002	10/03/2021	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Dr Sarah Jefferies	Chair	Direct, non-financial professional and personal	Author for Cochrane Reviews in the management of brain tumours– non-remunerated	2017	10/03/2021	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Dr Sarah Jefferies	Chair	Direct, non-financial professional and personal	Lead of Tessa Jowell Brain Cancer Mission – Theme 3 – Training – non remunerated	2018	10/03/2021	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Dr Sarah Jefferies	Chair	Direct, non-financial professional and personal	Member of the NICE Committee – Guideline on the management of primary brain tumours and brain metastases	2016	10/03/2021	2018	Declare and participate  Rationale: Not specific to the guideline

Dr Sarah Jefferies	Chair	Indirect	Sister-in-law has recently retired from a career as an independent consumer consultant. She has portfolio career activities that she is continuing after retiring: Trustee for the Academy of Nutrition Sciences; Deputy Chair for the Association for Nutrition. She also continues as a member of the Policy Committee of the Solicitors Regulation Authority.	2021	25/04/2021	Ongoing	Declare and participate  Rationale: No potential for sister-in-law to benefit financially from Dr Jefferies chairing the guideline
Dr Kate Maslin	Topic Advisor	Direct, financial	Senior Research Fellow, School of Nursing and Midwifery, University of Plymouth	2020	13/04/2021	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Dr Kate Maslin	Topic Advisor	Direct, financial	Specialist Paediatric Dietitian, Torbay Hospital, Devon	2019	13/04/2021	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Dr Kate Maslin	Topic Advisor	Direct, financial	Code of practice panel member for <i>British Specialist Nutrition Association</i>	August 2020	14/05/2021	November 2020	Declare and participate

							Rationale: Interest is no longer current.
Dr Kate Maslin	Topic Advisor	Direct, non-financial professional and personal	Research officer for Maternal and Fertility Nutrition Specialist Group of the British Dietetic Association	January 2020	14/05/2021	Ongoing	Declare and participate  Rationale: Not specific to guideline
Dr Kate Maslin	Topic Advisor	Direct, non-financial professional and personal	Research officer for Paediatric Specialist Group of the British Dietetic Association	February 2019	14/05/2021	Ongoing	Declare and participate  Rationale: Not specific to guideline
Dr Kate Maslin	Topic Advisor	Direct, non-financial professional and personal	Grant holder for a feasibility study about preconception health, fertility and wellbeing in women who have weight loss surgery	February 2019	14/05/2021	Ongoing	Declare and participate  Rationale: May be specific to guideline but benefit of expertise likely to outweigh risks and study is not yet published. Once published if the study forms a significant proportion of the evidence

							base for any review questions, member may be asked to withdraw from relevant discussions.
Dr Kate Maslin	Topic Advisor	Indirect	Co applicant on an exploratory research study investigating women's awareness of the use of weight loss medication before pregnancy	February 2021	14/05/2021	Ongoing	Declare and participate  Rationale: Not specific to guideline as study is before pregnancy
Dr Kate Maslin	Topic Advisor	Indirect	Grant holder for an exploratory research study about endometriosis and diet.	April 2021	14/05/2021	Ongoing	Declare and participate  Rationale: Not specific to guideline as specialist dietary interventions for women and children following a specific diet for a medical condition are excluded from the scope

Dr Kate Maslin	Topic Advisor	Direct, financial	<p>Appointed as a joint editor for update of nutrition and dietetic text book:</p> <p><a href="https://www.wiley.com/en-gb/Manual+of+Dietetic+Practice,+6th+Edition-p-9781119235910">https://www.wiley.com/en-gb/Manual+of+Dietetic+Practice,+6th+Edition-p-9781119235910</a></p> <p>The textbook is about all aspects of nutrition at all stages of life and is a core text of student dietitians at university.</p> <p>There are some sections about maternal and childhood nutrition but this is not the main focus of the text book.</p>	May 2022	22/6/2022	Until 2024 - ongoing	<p>Declare and participate</p> <p>Rationale: May be specific to guideline in some areas but benefit of expertise likely to outweigh risks.</p>
Dr Amanda Avery	Committee member	Direct, financial	Associate Professor in Nutrition and Dietetics, University of Nottingham	2009	09/11/2021	Ongoing	<p>Declare and participate</p> <p>Rationale: Not specific to the guideline</p>
Dr Amanda Avery	Committee member	Direct, financial	Employed as part of the Research and Scientific Advice team at Slimming World – this is secondary	2001	08/12/2021	Ongoing	<p>Declare and participate</p> <p>Rationale: Not specific to</p>

			to main academic position at the University of Nottingham. Role is to synthesise data and produce papers on weight management (which includes papers on weight management during pregnancy but not exclusively so)				guideline – papers about weight management during pregnancy are listed below as an additional interest
Dr Amanda Avery	Committee member	Direct, financial	Producing a webinar on weight management during pregnancy as part of employment with Slimming World (in collaboration with Royal College of Midwives). Content is based on published evidence and will not be recommending any particular interventions	January 2022	17/01/2022	January 2022	Declare and participate  Rationale: May be specific to guideline but content based on published evidence and not recommending any interventions. Unlikely to form part of guideline evidence base
Dr Amanda Avery	Committee member	Direct, non-financial professional and personal	Current Chair of the Obesity Specialist group of the BDA	2017	08/12/2021	Until September 2022	Declare and participate  Rationale: Not specific to guideline

Dr Amanda Avery	Committee member	Direct, non-financial professional and personal	<p>Have co-authored papers submitted as evidence to the NICE guidance on weight management before, during and after pregnancy:</p> <ul style="list-style-type: none"> <li>Simpson, S.A., Coulman, E., Gallagher, D. Avery, A. et al. Dr Samantha Ross	Committee member	Direct, financial	GP Principal (and owner of practice – Dr Ross Practice)	September 2002	16/12/2021	Ongoing	Declare and participate  Rationale: Not specific to guideline
Dr Samantha Ross	Committee member	Direct, financial	Honorary Clinical Senior Lecturer – University of Glasgow	June 2016	16/12/2021	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Dr Samantha Ross	Committee member	Direct, non-financial professional and personal	GP with specialist interest in paediatric nutrition (Preschool growth and nutrition service- a community multidisciplinary team that provides clinical support and training for health visitors who manage common nutritional problems in children, Glasgow)	2007	16/12/2021	Ongoing	Declare and participate  Rationale: May be specific to the guideline but unlikely to directly impact on development of recommendations.
Dr Samantha Ross	Committee member	Direct, non-financial professional and personal	GP undergraduate tutor at University of Glasgow- Year 3 Clinical Practice in the Community	2003	16/12/2021	Ongoing	Declare and participate  Rationale: Not specific to guideline

Dr Samantha Ross	Committee member	Direct, non-financial professional and personal	GP Infant Feeding Network- I have been a member of this organization and have written educational materials for their webpages, including on Vitamin D supplementation. Currently no active projects	TBC	16/12/2021	Ongoing	Declare and participate  Rationale: Guideline is looking at dose of Vitamin D for a sub-population, not use of Vitamin D per se. Materials produced were educational and unlikely to directly impact on development of recommendations.
Dr Samantha Ross	Committee member	Direct, financial	NIHR final peer reviewer-payment received	2020	16/12/2021	2020	Declare and participate  Rationale: Not specific to guideline
Dr Samantha Ross	Committee member	Indirect	NIHR research University of Dundee- Co-creation of an NHS-tailored implementation and evaluation strategy framework to support women in the UK to	2020	16/12/2021	Early 2022	Declare and participate  Rationale: Purpose of framework was to support

			breastfeed with a focus on reducing health inequities: evidence synthesis with stakeholder engagement-payment received for attendance				implementation and evaluation. Unlikely to directly impact on development of recommendations
Dr Samantha Ross	Committee member	Direct, financial	Published an article in Pulse magazine answering key questions on cow's milk allergy. I have since received an honorarium in the last month (April 2022) for this article as it is a magazine which receives GP subscriptions.	2021	16/12/2021	April 2022	Declare and participate  Rationale: Not specific to guideline
Dr Samantha Ross	Committee member	Direct, non-financial professional and personal	Academic collaboration with members of University of Dundee, Huddersfield and Breastfeeding Network-publications on breastfeeding support	2020	16/12/2021	Ongoing	Declare and participate  Rationale: May be specific to guideline but benefit of expertise likely to outweigh risks. If any of these publications are included in

							the evidence base, the member will be asked to withdraw from the drafting of recommendations which are based on evidence of which her publications form a part.
Dr Samantha Ross	Committee member	Direct, non-financial professional and personal	Academic collaboration with colleagues in Midlands- ED attendance with infant feeding problems	2021	16/12/2021		Declare and participate  Rationale: Not specific to guideline
Dr Samantha Ross	Committee member	Direct, financial	Primary Care International Clinical Associate- no recent projects outstanding, previously have written on NCDs and contributed to e-learning materials for payment.	2011	16/12/2021	Currently not involved in ongoing projects, last 2021	Declare and participate  Rationale: Not specific to guideline
Dr Samantha Ross	Committee member	Direct, non-financial	GPIFN- have previously participated in projects and contributed on behalf of GPIFN – Becoming	TBC	16/12/2021	2018	Declare and participate

		professional and personal	Breastfeeding Friendly-travel costs reimbursed				Rationale: Not specific to guideline
Dr Samantha Ross	Committee member	Direct, non-financial professional and personal	Previous NICE committees for quality standards work	TBC	16/12/2021	2015, 2019/20	Declare and participate  Rationale: Not specific to guideline
Dr Samantha Ross	Committee member	Direct, non-financial professional and personal	Involvement in research stakeholder group discussing experience of supporting women with long term medical conditions to breastfeed – University of Dundee	30/09/2022	20/09/2022	Ongoing	Declare and participate  Rationale: Not specific to the guideline. The scope does not cover specialist interventions for women with long term medical conditions.
Dr Samantha Ross	Committee member	Direct, non-financial professional and personal	Participated in perinatal mental health workshop at Mother and Infant Research Unit, School of Health Sciences, University of Dundee	18/05/2023	29/06/2023	May 2023	Declare and participate  Rationale: Not specific to guideline
Mrs Shereen Fisher	Co-opted member	Direct, financial	I was employed as Chief Executive Officer for the	March 2013	03/03/2022	June 2022	Declare and participate

			Breastfeeding Network. BfN is a charity that supports women, parents and families with evidence-based, independent, non-judgmental information and support to breastfeed for as long as they choose. The work of the charity is focused on service provision to parents and families working with policy makers and government. They are not a lobbying organisation.				Rationale: No longer a salaried employee of this charity and no potential for the individual or their previous employer to financially benefit from the recommendations made in the guideline
Mrs Shereen Fisher	Co-opted member	Direct, financial	As of 4 <sup>th</sup> July I will be taking up a new position of Programme Director for the Baby Friendly Initiative within Unicef UK. The BFI initiative is a joint Unicef and WHO program designed to improve practice for infant feeding and early years' relationships within health care settings. In the UK the program covers maternity, health visiting,	04/07/2022	17/05/2022	Ongoing	Declare and participate  Rationale: No potential for the individual or employer to financially benefit from the recommendations made in the guideline.

			neonatal units, children's centres and universities. The role will include providing effective leadership to the BFI team, upholding BFI standards, managing quality assurance of the program, providing guidance and expertise on issues relating to infant feeding and the International Code of Marketing of Breastmilk Substitutes. While the role also involves advocacy responsibilities the program is an evidence based intervention working within the public health service to help drive up standards – we are not a lobbying organisation or program.				
Mrs Shereen Fisher	Co-opted member	Direct, non-financial professional and personal	I am a committee member on the safer medicines in pregnancy and breastfeeding information consortium. The consortium is a voluntary body, convened by the Medicines in Health	June 2019	03/03/2022	Ongoing	Declare and participate  Rationale: Not specific to the guideline because about safer

			Regulatory Authority. It acknowledges that information available to women and healthcare professionals about taking medicines when pregnant or breastfeeding can be both inconsistent and inadequate for their needs and members share a common goal to meet the information needs of pregnant and breastfeeding women, their healthcare providers and anyone else involved in supporting breastfeeding and pregnant women.				medicines whilst breastfeeding.
Mrs Shereen Fisher	Co-opted member	Direct, non-financial professional and personal	I am a stakeholder on a research development group led by University of Dundee to co-create an NHS -tailored implementation and evaluation strategy framework to support women in the UK to breastfeed with a focus on reducing health inequities: evidence synthesis with stakeholder engagement	2020	03/03/2022	Ongoing to June 2022	Declare and participate  Rationale: Specific to guideline, but benefit of expertise likely to outweigh risks

Dr Victoria Sibson	Committee member	Direct, financial	I am employed as the Director of the independent NGO First Steps Nutrition Trust ( <a href="http://www.firststepsnutrition.org.uk">www.firststepsnutrition.org.uk</a> ), was formerly a deputy director of the Trust and prior to this was employed to work on a consultancy contract. We endeavour to fill practical and policy-relevant information gaps and provide impartial, evidence-based resources for health workers supporting eating well from pre-conception to five years. First Steps Nutrition Trust is supported by individual donations and conflict of interest free grants and does not work with organisations or individuals that work with, or take funding from, the breastmilk substitute industry.	July 2018	09/12/2021	Ongoing	<p>Declare and participate</p> <p>Rationale: Specific to guideline, but benefit of expertise likely to outweigh risks. As Director of First Steps Nutrition Trust it should be expected that the committee member would contribute to and promote outputs from the organisation. As outputs are impartial and evidence based should not pose a conflict to work on the guideline. If Trust outputs express strong opinions directly</p>

							relevant to guideline recommendations, member may be asked to withdraw from discussions.
Dr Victoria Sibson	Committee member	Direct, financial	First Steps Nutrition Trust receives funds from the Institute for Health Visiting for my time spent participating in and advising the steering group for their Healthy Weight Healthy Nutrition project.	August 2021	09/12/2021	March 2022	Declare and participate  Rationale: This role may cover discussions of the same areas as the guideline, but is unlikely to lead to a direct impact on the development of the recommendations.
Dr Victoria Sibson	Committee member	Direct, financial	In my capacity as Director of First Steps Nutrition Trust I am undertaking the review and update of some e-learning modules on infant and young child feeding for Health	January 2022	28/02/2023	Ongoing	Declare and participate  Rationale: Specific to guideline, but benefit of expertise likely to outweigh

			Education England/RCPCH				risks. As Director of First Steps Nutrition Trust it should be expected that the committee member would contribute to and promote outputs from the organisation.  As outputs are impartial and evidence based should not pose a conflict to work on the guideline.
Dr Victoria Sibson	Committee member	Direct, non- financial professional and personal	In the context of my paid role as Director of First Steps Nutrition Trust I act as the Secretariat of the Baby Feeding Law Group UK ( <a href="http://www.bflg-uk.org">www.bflg-uk.org</a> ) which comprises 30 organisations who together advocate for the International Code of Marketing of Breastmilk Substitutes to be reflected	January 2019	09/12/20 21	Ongoing	Declare and participate  Rationale: Specific to guideline, but benefit of expertise likely to outweigh risks. The BFLG is concerned with

			in UK law. The aim of the BFLG UK is to protect breastfeeding and to enable parents to make informed decisions about how they feed their babies, including where necessary, their formula choice and use.				regulation around the marketing of breastmilk substitutes. This guideline may deal with that issue indirectly regarding access and uptake of government advice about child nutrition including baby and infant feeding.
Dr Victoria Sibson	Committee member	Direct, non-financial professional and personal	In the context of my paid role as Director of First Steps Nutrition Trust I will be collaborating with academics at the universities of Swansea and Cardiff on a UKRI/FSA-funded 'Citizen Science for Food' study of the title: "Finding the right formula: Establishing the feasibility of doing science in the home to assess the safety of Powdered Infant Formula preparation". This	November 2021	09/12/2021	July 2022	Declare and participate  Rationale: Study is ongoing. If data from the study, once published, are included in the evidence base for the guideline member may be asked to withdraw from

			project might yield data that are relevant to the NICE Maternal and Child Nutrition Guideline with respect to the content on uptake of existing guidance on safe and appropriate use of formula feeding after 8 weeks (page 9, draft scope) and draft question 3.3 What information about safe and appropriate use of formula feeding should be given to parents and carers after 8 weeks? (page 14, draft scope).				review questions about formula feeding.
Dr Victoria Sibson	Committee member	Direct, non-financial professional and personal	In the context of my paid role as Director of First Steps Nutrition Trust I have contributed to and actively promote the outputs available through our websites <a href="http://www.firststepsnutrition.org">www.firststepsnutrition.org</a> and <a href="http://www.infantmilkinfo.org">www.infantmilkinfo.org</a> , most of which are relevant to the scope of the NICE Maternal and Child Nutrition Guidelines and could be seen as evidence of clear opinions about the	July 2018	09/12/2021	Ongoing	Declare and participate  Rationale: Specific to guideline, but benefit of expertise likely to outweigh risks. As Director of First Steps Nutrition Trust it should be expected that the committee member would

			matter under consideration. However, all of our work is impartial and evidence-based.				contribute to and promote outputs from the organisation. As outputs are impartial and evidence based should not pose a conflict to work on the guideline. If Trust outputs express strong opinions directly relevant to guideline recommendations, member may be asked to withdraw from discussions.
Dr Victoria Sibson	Committee member	Direct, non-financial professional and personal	In the context of my paid role as Director of First Steps Nutrition Trust I sit on the Food Foundation's Dietary Inequalities Project Strategy Board as an early years nutrition expert. This project will be undertaking	September 2021	09/12/2021	Ongoing	Declare and participate  Rationale: Specific to guideline, but benefit of expertise likely to outweigh

			research that might be relevant to the NICE Maternal and Child Nutrition Guidelines and will be undertaking policy and advocacy activities that might relate to relevant interventions.				risks. As Director of First Steps Nutrition Trust it should be expected that the committee member would contribute to and promote outputs from the organisation. As outputs are impartial and evidence based should not pose a conflict to work on the guideline. If Trust outputs express strong opinions directly relevant to guideline recommendations, member may be asked to withdraw from discussions.

Dr Victoria Sibson	Committee member	Direct, non-financial professional and personal	In the context of my paid role as Director of First Steps Nutrition Trust I sit on the Unicef-UK Baby Friendly Initiative's designation committee as an expert on the International Code of Marketing of Breastmilk Substitutes. This means that I get to inform decisions made on the accreditation of maternity, neonatal, health visiting and children's centre services in relation to their support for families with infant feeding and developing close, loving relationships.	April 2021	09/12/2021	Ongoing	Declare and participate  Rationale: not specific to guideline
Dr Victoria Sibson	Committee member	Direct, non-financial professional and personal	In my capacity as Director of First Steps Nutrition Trust I am on the Breastfeeding Network Advisory panel.	May 2022	20/05/2022	Ongoing	Declare and participate  Rationale: Specific to guideline, but benefit of expertise likely to outweigh risks.
Anita Kambo	Committee member	Direct, non-financial	I have very recently been appointed as a Community	09/12/2021	12/12/2021	Ongoing	Declare and participate

		professional and personal	Researcher and an associate of Dartington Service Design Lab – a charity working to improve outcomes for children and young people. I will be working closely with the Lambeth Early Action Partnership (LEAP).				Rationale: not specific to guideline
Anita Kambo	Committee member	Direct, non-financial professional and personal	I trained with and now volunteer as a Peer Supporter for the Breastfeeding Network. This role has come about through my personal experience of breastfeeding. I take a completely non-judgmental perspective in this role, and remain unbiased in the feeding methods chosen by parents.	October 2020	12/12/2021	Ongoing	Declare and participate  Rationale: Not specific to guideline as decisions about method of feeding are not in the scope.
Amber Marshall	Committee member	Direct, financial	Lay Committee member for development of Birmingham University midwifery course (to be launched Sept 2022)	September 2021	10/12/2021	Ongoing	Declare and participate  Rationale: Not specific to guideline
Amber Marshall	Committee member	Direct, financial	Interview for 'Bun In The Oven' podcast re high BMI pregnancy	01/11/2021	10/12/2021	N/A	Declare and participate

							Rationale: May be specific to guideline but benefit of expertise likely to outweigh risks.
Amber Marshall	Committee member	Direct, financial	Occasional PPI involvement in research studies (various universities) on topics relating to high BMI pregnancy – e.g. Cardiovascular health in high BMI pregnancy, weight management in the intrapartum period, NMPA sprint audit for pregnancies with a BMI 30+, water birth in pregnancies BMI 30+, development of NHS Baby Buddy app etc	2018	10/12/2021	Ongoing	Declare and participate  Rationale: Studies may be specific to guideline but benefit of expertise likely to outweigh risks.
Amber Marshall	Committee member	Direct, non-financial professional and personal	Founder of non-profit website BigBirthas.co.uk and affiliated Facebook group – providing information and support re higher BMI pregnancy	2010	10/12/2021	Ongoing	Declare and participate  Rationale: May be specific to guideline but not a campaigning organisation (provides information and

							support) so benefit of expertise likely to outweigh risks.
Amber Marshall	Committee member	Direct, financial	Guest speaker at 'Reprofest' Conference, Preston – Title “Big Fat Positive - How to stay joyful in a maternity system obsessed that you're doomed to fail...”	29/04/2022	23/06/2022	29/4/2022	Declare and participate  Rationale: Not specific to the guideline.
Amber Marshall	Committee member	Direct, financial	Lecturing – expert by lived experience – for Staffordshire University Midwifery course	08/03/2023	10/03/2023	Ongoing	Declare and participate  Rationale: Not specific to the guideline.
Amber Marshall	Committee member	Direct, financial	Public Speaking – 20 min talk at Birth Trauma Summit – recorded and available online for 1yr	02/05/2023	02/05/2024	27/03/2023	Declare and participate  Rationale: Not specific to the guideline.
Amber Marshall	Committee member	Direct, financial	Lay Member Representative on James Lind RCM Midwifery and Maternity Priority Setting Partnership Steering Group	11/09/2023	11/09/2023	Ongoing	Declare and participate  Rationale: Not specific to the guideline.

Lucilla Poston	Committee member	Direct, financial	Head of School of Life Course Sciences – King's College London	2017	05/04/2022	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Lucilla Poston	Committee member	Direct, financial	Theme lead KCL/GSTT Biomedical Research Centre 'Women and Children's Health theme'	2017	05/04/2022	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Lucilla Poston	Committee member	Direct, financial	Tommy's Charity Professor of Maternal and Fetal Health, Department of Women and Children's Health, King's College London	1995	05/04/2022	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Lucilla Poston	Committee member	Direct, financial	Advisor on UpToDate (USA publication for clinicians), work related to gestational weight gain in pregnancy.	2019	April 2022	Ongoing	Declare and participate  Rationale: Specific to guideline but benefit of expertise likely to outweigh risks
Lucilla Poston	Committee member	Direct, non-financial	Member of the DHSC, Scientific Advisory Committee on Nutrition	2018	April 2022	Ongoing	Declare and participate

		professional or personal interest					Rationale: May be specific to guideline but benefit of expertise likely to outweigh risks
Lucilla Poston	Committee member	Direct, non- financial professional or personal interest	Member of the DHSC Scientific Advisory Committee on Sub Committee Maternal and Child Nutrition	2017	April 2022	Ongoing	Declare and participate  Rationale: Specific to the guideline but benefit of expertise likely to outweigh risks. SACN work informs government advice about maternal and child nutrition. This guideline is focused on increasing the uptake of some of that government advice so expertise about government advice is

							needed by this committee.
Lucilla Poston	Committee member	Direct, non-financial professional or personal interest	President of the International Society for the Developmental Origins of Health and Disease	2019	April 2022	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Lucilla Poston	Committee member	Direct, non-financial professional or personal interest	PI UPBEAT study, UK trial of obese pregnant women and their children. Multiple of publications which may be of relevance to the subject of the committee. Author of meta-analyses of data including UPBEAT.	2016	April 2022	2016	Declare and participate  Rationale: Specific to guideline but benefit of expertise likely to outweigh risks. If this trial is published and included in the evidence base, the member will be asked to withdraw from the drafting of recommendations which are based on evidence of which her publication forms a part.

Lucilla Poston	Committee member	Direct, non-financial professional or personal interest	Member of Diabetes UK grant committee	2022	April 2022	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Lucilla Poston	Committee member	Direct, non-financial professional or personal interest	Member of MRC Applied Global Health Research board	2018	April 2022	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Lucilla Poston	Committee member	Direct, non-financial professional or personal interest	Member Wellcome Trust Career Development Award Interview Committee	2022	April 2022	Ongoing	Declare and participate  Rationale: Not specific to the guideline
Lucilla Poston	Committee member	Direct, non-financial professional and personal	<ul style="list-style-type: none"> <li>Bick D, Taylor C, Avery A, Bhavnani V, Craig V, Healey A, Khazaezadeh N, McMullen S, Oki B, Oteng-Ntim E, O'Connor S, Poston L, Seed P, Roberts S and Ussher M, 2019. Protocol for a two-arm feasibility RCT to support postnatal maternal weight management and positive lifestyle</li> </ul>	2019	2023	Ongoing	Declare and participate  Rationale: May be specific to guideline but benefit of expertise likely to outweigh risks. If any of these publications are included in the evidence base, the

			behaviour in women from an ethnically diverse inner city population: the SWAN feasibility trial Pilot and Feasibility Studies. 5(117), Doi: 10.1186/s40814-019-0497-3				member will be asked to withdraw from the drafting of recommendations which are based on evidence of which her publications form a part.
Lucilla Poston	Committee member	Direct, non-financial professional and personal	Lecture to Webinar on Women's Health Across the Lifespan; title 'Government Strategies on Nutrition'	March 2023	19/04/2023	Ongoing	Declare and participate  Rationale: May be specific to the guideline but benefit of expertise likely to outweigh risks and lecture focuses on reflections of existing government strategies rather than expressing strong opinions.

Lucilla Poston	Committee member	Direct, non-financial professional and personal	<p>Named author on below publications:</p> <p>1.
