Cheryl Hookway	Implementation Support Manager, NICE

### **1. Welcome, Introductions and apologies**

The Chair (IB) welcomed the committee members and NICE attendees to the 3<sup>rd</sup> and final post-consultation committee meeting for the Blood transfusion: tranexamic acid update.

IB informed attendees that apologies had been received as noted above.

### **2. Declaration of interests**

IB asked all committee members to verbally declare any new interests.

No new interests were declared but IB reminded the group of the following recorded interest which is relevant to the day's discussion:

Name	Job title, organisation	Declarations of Interest, date declared	Type of interest	Decision taken
Akshay Shah	Committee member – anaesthetist (adults)	Safety and efficacy of tranexamic acid in major non-cardiac vascular surgery: a systematic review and meta-analysis.  Atha K, Corrigan L, Bera K, Shah A <a href="http://doi.org/10.54522/jvsgbi.2024.141">http://doi.org/10.54522/jvsgbi.2024.141</a>	Specific, Direct -non-financial professional and personal	Declare and partial exclusion  Participate in discussion but withdraw for drafting recommendations in relation to vascular surgery.

Akshay Shah (AS) was an author on a paper, which was not included in the evidence base, but does express a clear opinion on a matter under consideration, safety of tranexamic acid in vascular surgery. It was agreed that the member could stay for discussion and to offer his expert opinion in this area but would be excluded from participating in revising any recommendations relating to vascular surgery.

### **3. Review of consultation comments that require committee input**

The Chair introduced Clifford Middleton (CM), Topic Lead who presented the stakeholder feedback from consultation which required further committee consideration.

This covered several themes including caesarean section, avoiding inadvertent intrathecal administration of tranexamic acid, vascular surgery and dosing.

The committee answered questions from the NICE team, discussed the comments as a group and initial revisions to recommendation wording were agreed as required.

AS withdrew from participating in revising recommendation wording on vascular surgery due to a conflict of interest.

#### **4. Review of consultation comments (continued)**

This item continued after a short break.

The committee continued to consider consultation feedback and any necessary revisions to the guideline.

AS withdrew from participating in revising recommendation wording on vascular surgery due to a conflict of interest.

#### **5. Review of consultation comments (continued)**

The committee continued to consider the outstanding issues after a short break.

AS withdrew from participating in revising recommendation wording on vascular surgery due to a conflict of interest.

The Chair thanked CM and committee for their input.

#### **6. Next steps**

The Chair introduced Danielle Conroy (DC), Project Manager who explained, as this was the last meeting, what will happen next, including key dates and NICE processes leading up to publication of the final guideline.

The Chair thanked DC for her input.

#### **7. AOB**

IB summarised the main actions from the day and thanked the committee and NICE team for their hard work and commitment over the last 4 months.

IB asked for items of any other business. As there was no further business to discuss, IB brought the meeting to a close.
