Name	Job title, organisation	Declarations of Interest, date declared	Type of interest	Decision taken
Katy Agnew	Clinical Service Manager, Assessment and Intervention and All Age Disabilities, Children's Social Care Southwark Council	30/01/26 Expert Witness - Dr Grange and Associates (Private work)	Direct Financial	Non-specific. Declare and participate. Rationale: Medico-legal work.
Sarah Coogan-Hill	Operational and Clinical lead for treatment and Physical Health at Pennine Care NHS Foundation Trust	18/03/26 Currently employed by Pennine Care NHS Foundation Trust as a mental health professional. I have been employed by the trust in various roles since January 2000. I receive a salary in line with national agenda for change guidelines.	Direct Financial	Non-specific. Declare and participate. Rationale: Salaried employment in the NHS.
Hui Fan	Senior GP, Colville Health Centre Kensington	09/02/26 NHS work comprising 24-32 hours a week. Two private GP roles: my own clinic - I see a patient when they need to be seen. I have around 10 patients on my book. So that could be one patient a month for 30 minutes or sometimes 2 or 3 patients per month. Sometimes none. I also work for teladoc as a private GP and this is ad hoc. Anticipated that this will be 4-8 hours per week going forward.	Direct Financial	Non-specific. Declare and participate. Rationale: Main salaried employment is in the NHS. Private work is minimal and reflects NHS practice.
