

Diagnostics Advisory Committee Interests Register

Topic: Early value assessment: Artificial intelligence (AI) technologies for assessing and triaging skin lesions referred to the urgent suspected skin cancer pathway

NICE's declaration of interest policy can be accessed [here](#)

Name	Role with NICE	Type of interest	Description of interest	Interest arose	Interest declared	Interest ceased	Comments
Brian Shine	Committee member, chair	None	-	-	-	-	No further action
Neil Hawkins	Committee member, Vice chair	Non-financial professional and personal interests	I am a director of a company providing HTA consultancy services to pharmaceutical and biotech companies. No services have been provided to manufacturers in this appraisal	May 2020	January 2024	Ongoing	Declare and participate
Keith Abrams	Committee member	Financial	My consultancy company for which I am a director is undertaking a project for Echosens on evaluating FibroScan for assessing liver fibrosis and cirrhosis in primary care. I am not involved in the project in any way and measures have been taken (for example I do not have access to the project folder etc) to avoid potential conflicts	May 2019	January 2024	Ongoing	Declare and participate
Keith Abrams	Committee member	Financial	Private HTA consultancy (regarding non-diagnostics) in the last 12 months has been provided to: Abbvie (completed), AstraZeneca (completed), Bayer (completed), BMS (on-going) and Medtronic (completed)	January 2023	January 2024	Ongoing	Declare and participate
Keith Abrams	Committee member	Financial	Funding to support a MRC Industrial PhD studentship from Swiss Precision Diagnostics/Clearblue for a project on prediction of early miscarriage	October 20217	January 2024	April 2022	Declare and participate

Keith Abrams	Committee member	Non-financial professional and personal interests	MRC/NIHR Methods Research Programme £450K Oct 2021 (3 years) S Bujkiewicz, RK Owen, KR Abrams, P Tappenden: HCD: Novel approaches of multi-parameter evidence synthesis and decision modelling for efficient evaluation of diagnostic health technologies in HTA decision making with use of electronic health records	October 2021	January 2024	Ongoing	Declare and participate
Keith Abrams	Committee member	Non-financial professional and personal interests	NIHR I4I Project £1.4M Jan 2024 (3 years) with Cytecom Limited (a diagnostics company) via University of Warwick: Evaluation of fluorescence microscopy imaging and electrical stimulation technology to quantify viable urine or bloodstream bacterial cells and antibiotic sensitivity results.	January 2024	January 2024	Ongoing	Declare and participate
Keith Abrams	Committee member	Non-financial professional and personal interests	NIHR i4i OLS Real World Evidence Programme DDM Health Limited, digital company providing digital pathway Gro Health W8Buddy via University of Warwick £1.6M	July 2024	October 2024	Ongoing	Declare and participate
Rebecca Allcock	Committee member	None	-	-	-	-	No further action
Joy Allen	Committee member	Financial	Employee of Roche Diagnostics	August 2021	January 2023	Ongoing	Declare and participate
John Cairns	Committee member	Financial	Advice to SOBI regarding the economic evaluation of loncastuximab taserine for treating DLBCL	January 2023	December 2023	March 2023	Declare and participate
John Cairns	Committee member	Financial	Advice to SOBI regarding the economic evaluation of efanesoctocog alfa for treating haemophilia A	May 2023	December 2023	July 2023	Declare and participate
John Cairns	Committee member	Financial	Participate in steering group for study of preferences for pain relief funded by Grünenthal.	April 2023	December 2023	Ongoing	Declare and participate

John Cairns	Committee member	Financial	Advice to Pierre Fabre advising on economic modelling of a treatment for non-small-cell lung cancer	May 2024	July 2024	June 2024	Declare and participate
John Cairns	Committee member	Financial	Advice to Johnson & Johnson on economic modelling of a treatment for urothelial carcinoma	June 2024	July 2024	June 2024	Declare and participate
Sam Creavin	Committee member	None	-	-	-	-	No further action
Diane Davies	Committee member	None	-	-	-	-	No further action
Farai Goromonzi	Committee member	None	-	-	-	-	No further action
Rashmi Kumar	Committee member	None	-	-	-	-	No further action
Patrick McGinley	Committee member	Financial	I provide paid consultancy on an ad hoc basis through MTechAccess	January 2020	January 2024	Ongoing	Declare and participate
Patrick McGinley	Committee member	Non-financial professional and personal interests	I am a trustee for an honorary treasurer of the Association for Study of Obesity (ASO)	October 2020	May 2024	Ongoing	Declare and participate
Patrick McGinley	Committee member	Non-financial professional and personal interests	Strategic council member of APPG on Obesity	November 2019	May 2024	Ongoing	Declare and participate
Michael Morton	Committee member	None	-	-	-	-	No further action
Alex Novak	Committee member	Financial	Consultant fees from GE Healthcare	2021	January 2024	2023	Declare and participate
Alex Novak	Committee member	Non-financial professional and personal interests	Multiple recent and government-funded research collaborations with AI companies including Gleamer, Qure, GE Healthcare	2019	January 2024	Ongoing	Declare and participate

Radha Ramachandran	Committee member	None	-	-	-	-	No further action
Anne Scott	Committee member	None	-	-	-	-	No further action
Matt Stevenson	Committee member	None	-	-	-	-	No further action
Jonathan Weir-McCall	Committee member	None	-	-	-	-	No further action
Roger Aldridge	Specialist committee member	Financial	Private practice		October 2023	Ongoing	Declare and participate
Roger Aldridge	Specialist committee member	Non-financial professional and personal interests	Honorary Senior Lecturer, University of Edinburgh		October 2023	Ongoing	Declare and participate
Roger Aldridge	Specialist committee member	Non-financial professional and personal interests	Deputy Chair SCAN		October 2023	Ongoing	Declare and participate
Stephanie Gallard	Specialist committee member	Non-financial professional and personal interests	I have GP oversight with my Cheshire and Merseyside ICB Primary Care Derm lead role of a pilot project using Skin Analytics to triage images taken from a hub in North Liverpool. I have had no role in the choosing of the system but have come to it at a later date. Sought approval from NICE re a potential COI - granted on 6th Dec 2023. The role is ongoing.	November 2023	November 2023	Ongoing	Declare and participate
Stephanie Gallard	Specialist committee member	Financial	Dermatology GPSI for Liverpool University Foundation Trust Hospital – contracted, 4 sess/wk at present – seeing dermatology intermediate level patients in the community	2005	October 2023	Ongoing	Declare and participate
Stephanie Gallard	Specialist committee member	Financial	Primary Care Lead for Dermatology within the ECP for Cheshire and Merseyside Health & Care Partnership/ICS – I have implemented a teledermatology system across Cheshire and Merseyside. Contracted, 1 session/week	2019	October 2023	Ongoing	Declare and participate
Stephanie Gallard	Specialist committee member	Financial	Director of my own dermatology educational company Derm4PC– I provide comprehensive dermatology education to primary care clinicians for a variety of	2016	October 2023	Ongoing	Declare and participate

			providers, including Pharma, RCGP, Pharm Soc etc – up to 2 session a week. I also, via this company, sit on dermatology/pharma advisory boards, chair conferences etc. I do not lecture on AI, but do talk about the benefits of telederm.				
Stephanie Gallard	Specialist committee member	Financial	I have accepted Pharma sponsorship (Leo Pharma, Galderma) to attend a variety of conferences in the past, usually the European Academy of Dermatology and Venereology which meets annually in Autumn. However there is nothing over and above funding to support reasonable travel, accommodation and attendance costs.	2010	October 2023	Ongoing	Declare and participate
Stephanie Gallard	Specialist committee member	Financial	I have recently contributed to the re-draft of the National Teledermatology Roadmap – which does make mention of the prospect of AI in future. I was paid for 4 sessions work overall.	2022	October 2023	October 2023	Declare and participate
Stephanie Gallard	Specialist committee member	Financial	I am an external examiner for the Dermatology Diploma/Masters at the University of Buckingham	2022	October 2023	Ongoing	Declare and participate
Stephanie Gallard	Specialist committee member	Non-financial professional and personal interests	Contributed to NICE Digital AI for melanoma MedTech Innovation Briefing (MT675 Digital Technologies for the Detection of Melanoma)	June 2022	October 2023	September 2022	Declare and participate
Stephanie Gallard	Specialist committee member	Non-financial professional and personal interests	I sit on the British Association of Dermatologists teledermatology working party group, which looks at sharing and enabling best practice.	April 2023	October 2023	Ongoing	Declare and participate
Stephanie Gallard	Specialist committee member	Indirect	I sit on the Executive Committee of the Primarycare Dermatology Society.	September 2021	October 2023	Ongoing	Declare and participate
Kate Hawley	Specialist committee member	None	-	-	-	-	-
Eugene Healy	Specialist committee member	Non-financial professional and personal interests	Professor, Dermatology, University of Southampton	2002	September 2023	Ongoing	Declare and participate
Eugene Healy	Specialist committee member	Non-financial professional and personal interests	Chair, UK Translational Research Network in Dermatology	2017	September 2023	Ongoing	Declare and participate

Eugene Healy	Specialist committee member	Non-financial professional and personal interests	Member British Association of Dermatologists (interest in AI in relation to skin disease)	1993	September 2023	Ongoing	Declare and participate
Eugene Healy	Specialist committee member	Non-financial professional and personal interests	Received grant funding via "AI in Health and Care award" (funded by NHSX, Accelerated Access Collaborative and NIHR) for project entitled "PREVAIL - PhototheRapy Enhanced Via Artificially Intelligent Lasers" involving artificial intelligence.	October 2021	September 2023	October 2022	Declare and participate
Eugene Healy	Specialist committee member	Non-financial professional and personal interests	Involvement in Delphi exercise with British Association of Dermatologists to try and determining the major research profiles for the use of AI in dermatology	2021	September 2023	Ongoing	Declare and participate
Eugene Healy	Specialist committee member	Non-financial professional and personal interest	A clinical academic trainee in my group has been awarded an NIHR Doctoral Fellowship to undertake a PhD on a project entitled "Foundations for an artificial intelligence-mediated phototherapy system for psoriasis". I am a supervisor on the project and was informed of the award on 5 January 2024. The project will commence in August 2024	August 2024	January 2024	Ongoing	Declare and participate
Nalayini Kumaralingam	Specialist committee member	Financial	Paid work for Bristol, Meyers, Squibb (BMS)	March 2023	October 2023	Ongoing	Declare and participate
Nalayini Kumaralingam	Specialist committee member	Non-financial professional and personal interests	Board member UK Oncology Nursing Society (UKONS)	September 2018	October 2023	Ongoing	Declare and participate
Nalayini Kumaralingam	Specialist committee member	Non-financial professional and personal interests	Steering committee member The Global Power of Oncology Nursing (GPON)	January 2020	October 2023	Ongoing	Declare and participate
Nalayini Kumaralingam	Specialist committee member	Non-financial professional and personal interests	Committee member communications working group for the European Oncology Nursing Society (EONS)	December 2022	October 2023	Ongoing	Declare and participate
John Lear	Specialist committee member	Financial	Specialist in dermatology general private practice	2000	October 2023	Ongoing	Declare and participate
John Lear	Specialist committee member	Financial	Payments for speaking and advisory boards almirall, Leo, Stamford pharmaceuticals, sol gel,	2022	October 2023	Ongoing	Declare and participate

John Lear	Specialist committee member	Financial	Dermatology speciality lead for NIHR north west coast clinical research network	2022	October 2023	Ongoing	Declare and participate
John Lear	Specialist committee member	Non-financial professional and personal interests	Medical adviser for Gorlin syndrome group	2015	October 2023	Ongoing	Declare and participate
Rubeta Matin	Specialist committee member	Financial	Professional Representative Member of MHRA Interim Medical Devices Committee - no relevance to proposed topic as no skin imaging devices have been reviewed or expected to be reviewed in coming year	January 2023	September 2023	Ongoing	Declare and participate
Rubeta Matin	Specialist committee member	Financial	Private practice – I work predominantly in the NHS (10PA) and provide private practice on a single sessional basis three to four times / month which mirrors my current NHS practice	October 2021	September 2023	Ongoing	Declare and participate
Rubeta Matin	Specialist committee member	Financial	Thames Valley Cancer Alliance Group: Skin Lead - no relevance to topic as we are not currently adopting and do not anticipate adopting any technologies in coming year.”	April 2020	September 2023	April 2024	Declare and participate
Rubeta Matin	Specialist committee member	Non-financial professional and personal interests	Chair of AI Working Party Group (British Association of Dermatologists) – I have been involved in reviewing commercially available AI technologies in the skin cancer pathway to provide guidance for clinicians when adopting these technologies. Aiming to publish findings in the next few months	October 2020	September 2023	Ongoing	Partial exclusion (declare and attend for Part 1 only)
Rubeta Matin	Specialist committee member	Non-financial professional and personal interests	Member of Expert Advisory Group for Software as a medical device at the MHRA – not currently evaluating skin cancer technologies but the group is involved in developing guidance for assessing public facing software / AI apps – which is out of scope for this review	September 2020	September 2023	Ongoing	Declare and participate
Rubeta Matin	Specialist committee member	Non-financial professional and personal interests	Expert commentator for NICE MedTech MIB311 Digital technologies for detection of melanoma. Some of the technologies in this paper are being considered for current topic so will be reviewing some of the evidence I have reviewed in this MIB	July 2022	September 2023	November 2022	Declare and participate
Rubeta Matin	Specialist committee member	Non-financial professional	MoleGazer study NCT05015816 - I am chief investigator of this study which has received funding from an EU Grant for my Trust (no	September 2021	September 2023	Ongoing	Declare and participate

		and personal interests	personal funding). This is a study aimed to develop an algorithm to detect melanoma in high risk patients with multiple naevi. It is a feasibility study and aims to collect a database of images. It is not a technology under consideration in this topic as it is still in development. It is at least 5-7 years away from being a commercially viable tool therefore not relevant to this topic.				
Rubeta Matin	Specialist committee member	Financial	Chief Medical Officer at KLAS. Medical representation and shareholder for KLAS technology currently in pre-clinical development for treatment of metastatic melanoma.	March 2022	January 2025	Ongoing	Declare and participate
Stephen McKenna	Specialist committee member	Non-financial professional and personal interests	Research Lead for computer Science and Informatics, University of Dundee	2021	October 2023	Ongoing	Declare and participate
Stephen McKenna	Specialist committee member	Non-financial professional and personal interests	Investigator at University of Dundee for research project "Artificial Intelligence for Skin Lesion Diagnostics" funded by Tayside Dermatological Research Charity	February 2023	October 2023	Ongoing	Declare and participate
Stephen McKenna	Specialist committee member	Non-financial professional and personal interests	Investigator at University of Dundee involved in SBRI project Skin Cancer detection using Artificial Intelligence. The project is researching skin cancer detection AI. The company Wilde & Betts Agency Limited "WABA" appointed University of Dundee as subcontractor to carry out part of the research project entitled "Skin Cancer detection using AI" for which WABA have been awarded funding by the NHS Golden Jubilee (also known as the National Waiting Times Centre Board). This funding was awarded competitively to WABA through the SBRI competition. The University of Dundee employs me full-time. It will receive funds under this subcontract. A proportion of this is used as directly allocated salary cost to offset my time as a core-funded University staff member. No payment is made directly to me, nor does this affect my salary.	September 2023	October 2023	January 2024	Partial exclusion (declare and attend for Part 1 only)

			Neither the WABA technology nor the University of Dundee's AI code are being looked at by this Early Value Assessment.				
Stephen McKenna	Specialist committee member	Non-financial professional and personal interests	Published paper evaluating algorithms of a dermatology image dataset: "Calibration of Deep Medical Image Classifiers: An Empirical Comparison using Dermatology and Histopathology Datasets", Carse J, Alvaraz-Olmo A, McKenna S J , Uncertainty for Safe Utilization of Machine Learning in Medical Imaging (UNSURE@MICCAI), 2022	September 2022	October 2023	Ongoing	Declare and participate
Stephen McKenna	Specialist committee member	Non-financial professional and personal interests	Investigator at University of Dundee for research project with NHS Tayside starting October 2024, "Advancing Diagnostic AI in NHS Tayside: A Long-Term Feasibility Study on Artificial Intelligence Assisted Tele-Dermatology Skin Cancer Triage", funded by NHS Tayside Charitable Foundation. Published on this topic: Jacob Carse, Tamás Süveges, Gillian Chin, Shareen Muthiah, Colin Morton, Charlotte Proby, Emanuele Trucco, Colin Fleming, Stephen McKenna , Classifying real-world macroscopic images in the primary–secondary care interface using transfer learning: implications for development of artificial intelligence solutions using nondermoscopic images, Clinical and Experimental Dermatology, Volume 49, Issue 7, July 2024, Pages 699–706, https://doi.org/10.1093/ced/llad400	October 2024	October 2024	Ongoing	Partial exclusion (declare and attend for Part 1 only)
Susan Mountain	Specialist committee member	None	-	-	-	-	-
Jess Felton	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	Presented at British Association Dermatologists "Use of AI for skin cancer in diverse skin" (annual conference)	July 2024	October 2024	July 2024	Declare and attend to provide expertise for Part 1 only
Jess Felton	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	Use of Fotofinder machine for NHS teledermatology service – NHS wholly funded.	March 2022	October 2024	ongoing	Declare and attend to provide expertise for Part 1 only

Jess Felton	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	Use of Fotofinder software (paid for personally non-subsidised, for private practice.	Approx 2021	October 2024	ongoing	Declare and attend to provide expertise for Part 1 only
Jess Felton	Clinical expert (invited to part 1 only)	Indirect	Nominated by Fotofinder but no commercial interest whatsoever, no funding at any time either to NHS trust or personally.	Oct 2024	October 2024	Oct 2024	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Clinical advisory board member for Skin Analytics Ltd for which I receive shares and share options	2019	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Reimbursement of conference fees, travel and accommodation costs from Skin Analytics to present data	July 2024	October 2024	July 2024	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Reimbursement of train travel costs from Skin Analytics to attend customer conference with other NHS sites & share experience	May 2024	October 2024	May 2024	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Paid independent consultancy work for Skin Analytics funded via the AI in Health & Care Award to support deployment across new sites	March 2023	October 2024	June 2024	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Paid independent consultancy work for NHSE to produce national AI in dermatology implementation toolkit	April 2023	October 2024	May 2024	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Chelsea & Westminster Hospital NHS Foundation Trust were selected as a deployment site and received funding from the AI in Health and care award via Skin Analytics to implement the AI technology into the clinical pathway. This included funding for 1PA per week of my time as clinical lead for the project paid directly to the hospital.	January 2022	October 2024	May 2023	Declare and attend to provide expertise for Part 1 only

Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Chelsea & Westminster Hospital NHS Foundation Trust received funding from NHSE to design and implement a post-marketing surveillance strategy for the AI pathway which could be replicated at other sites to generate safety data.	August 2024	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Paid independent consultancy work for L'Oreal to produce and film an online CME module on tele dermatology and AI some of which includes data specific to DERM	January 2024	October 2024	June 2024	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Speaker fees from L'Oreal to present at Medfluencer event on AI in dermatology some of which includes data specific to DERM	November 2023	October 2024	November 2023	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Private practice	January 2018	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Paid to design and co-chair Dermatology Foundation Program for NHS dermatology nurses and pharmacists by UCB Pharma	November 2023	October 2024	November 2023	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Paid independent consultancy work for UCB Pharma plus travel, food and accommodation to assist with staff training event	October 2024	October 2024	October 2024	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Speaker fees for SCE revision course run by Guys and St Thomas' Hospital	August 2018	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Honorarium and course fees received as organizer for DermPath Made Easy course for dermatology trainees	July 2017	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Fees from UCB Pharma to film educational video about psoriasis for ITN productions	October 2024	October 2024	October 2024	Declare and attend to provide expertise for Part 1 only

Lucy Thomas	Clinical expert (invited to part 1 only)	Financial	Food, travel and accommodation costs to attend Skin Alliance Educational meeting from L'Oreal	October 2024	October 2024	October 2024	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	Previous member of the British Association of Dermatologists Teledermatology Subcommittee - unpaid	2019	October 2024	May 2023	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	Member of the NHSE Accelerating AI in Dermatology Delivery Group - unpaid	2023	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	Member of the London Clinical Leaders Group which looks at strategies to improve dermatology care for patients and share best practice across the region. This includes teledermatology and AI deployment amongst other projects - unpaid	Oct 2022	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	Member of the NW London CRG which looks at strategies to improve dermatology care for patients and share best practice across the local area. This includes teledermatology and AI deployment amongst other projects - unpaid	April 2021	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	Generally, I have a specialist interest in innovation and the use of digital technologies to streamline pathways and improve patient care	2008	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	Clinical lead for above mentioned deployment of DERM AI technology as part of my Consultant Dermatologist role at Chelsea & Westminster Hospital NHS Foundation Trust	Jan 2022	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Non-financial professional	Clinical lead for the above mentioned NHSE funded DERM AI post-marketing surveillance	August 2024	October 2024	Ongoing	Declare and attend to provide

		and personal interests	project as part of my Consultant Dermatologist role at Chelsea & Westminster Hospital NHS Foundation Trust				expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	Co-authored Teledermatology roadmap	2023	October 2024	2023	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	Co-authored AI in dermatology implementation toolkit (pending publication) as mentioned above	April 2024	October 2024	May 2024	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	I have co-authored a number of published papers on the topic of teledermatology and AI including some relating specifically to the DERM AlaMD product under review, these papers have been shared with the advisory committee.	2017	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Non-financial professional and personal interests	I have been involved in communications regarding the use of DERM including a film produced by the Department of Health and an interview for ITV news.	2023	October 2024	2023	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Indirect	I have been nominated by Skin Analytics Ltd, who have developed and commercialised the DERM AI technology, as a clinical expert. My views will be independent but could at times be aligned with the views/position held by Skin Analytics who will clearly be affected, positively or negatively by the final NICE committee decision.	2019	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only
Lucy Thomas	Clinical expert (invited to part 1 only)	Indirect	As a consultant dermatologist employed by Chelsea & Westminster Hospital NHS Foundation Trust where the DERM AI technology has been deployed and procured, the NICE decision could affect ongoing use of the technology and have implications for patient care and clinical capacity. However,	April 2023	October 2024	Ongoing	Declare and attend to provide expertise for Part 1 only

			my views will be independent of the views of the hospital.
