

Diagnostics Advisory Committee Interests Register

CaRi-Heart for predicting cardiac risk in suspected coronary artery disease: early value assessment

Name	Role with NICE	Type of interest	Description of interest	Interest arose	Interest declared	Interest ceased	Comments
Robin Alcock	Specialist committee member	Non financial professional and personal interests	Ongoing research collaboration with Swansea University Engineering and Computational Sciences Departments, researching computational techniques applied to CT Coronary Angiograms (et al) for modelling coronary arterial flows. Principal interest is academic research with main output of peer reviewed publications. I receive no personal funding to undertake this research, however research partners at Swansea University receive funding via Engineering streams such as the Engineering and Physical Sciences Research Council to employ individual researchers.	Circa 2015	August 2022		<i>Reviewed at time of application, declare and participate</i>
Sefina Arif	Specialist committee member	None	-	-	-		
Anna Beattie	Specialist committee member	Financial	<p>Mentor for HeartFlow. HeartFlow is a company which uses routine CT data to assess whether narrowing of the arteries supplying the heart might be restricting blood flow. I have been remunerated for teaching on a cardiac CT course, including travel and accommodation expenses and also for mentoring new sites adopting HeartFlow. The majority of the services time was for teaching on a cardiac CT course: preparation of talks and attendance at the course. The hotel and train was also related to this. I set up meetings for 2 Trusts which were around 2 hours in total (ie 1 hour for each). These activities were all in May and June this year.</p> <p>£4,085.00 - services £87.30 - Hotel £48.00 - Train <u>£41.20 - Train</u> £4,261.50 - Total</p>	22/05/22	August 2022	Ongoing	<i>Reviewed at time of application, declare and participate</i>
Anna Beattie	Specialist committee member	Indirect	NCIMI consortium. I am radiology lead for NCIMI in Newcastle. Newcastle Hospitals and Caristo are both partner organizations of NCIMI, however to-date we have not collaborated on any research projects	June 2019	August 2022	Ongoing	<i>Reviewed at time of application, declare and participate</i>
Gerald Clesham	Specialist committee member	None	-	-	-	-	

Name	Role with NICE	Type of interest	Description of interest	Interest arose	Interest declared	Interest ceased	Comments
Timothy Fairbairn	Specialist committee member	Indirect	Heartflow mentors bureau – I don't receive financial reimbursement but I help sites starting using the technology	2019	August 2022		<i>Reviewed at time of application, declare and participate</i>
Timothy Fairbairn	Specialist committee member	Indirect	Guideline committee member Society Cardiovascular Computer Technology (SCCT)	2020	August 2022		<i>Reviewed at time of application, declare and participate</i>
Rajesh Kharbanda	Specialist committee member		<p>OUH [employer] received funding from the NHS England (via an NHS AI award) that funds the clinical deployment and real-world evaluation of CaRi-HEART in several NHS Hospitals. The clinical department has received no direct funding from the CaRi-Heart.</p> <p>I have had no involvement in the development of Cari-Heart at the University of Oxford.</p> <p>Neither I nor the clinical department have received funding from CaRi-Heart.</p>		Nov 2022		<i>Declare and participate, Chair and AD, November 2022</i>
Manish Motwani	Specialist committee member	Financial	<p>Clinical Private Practice</p> <p>In private clinical practice, I have used and continue to use services from Caristo Diagnostics Ltd - specifically CaRiHeart scoring for a handful of patients in last 6 months (March 2022 - current).</p> <p>This is as an independent customer - not constituting any financial gain or professional gain, and not in the form of any advocacy for the company or its products. Patients are referred to Caristo for their scan processing and either pay directly to Caristo or are covered by their insurer (no financial gain or financial relationship to myself)</p>	2020	Oct 2022		<i>Reviewed at time of application, declare and participate</i>
Jaydeep Sarma	Specialist committee member	Financial	Private practice	August 2008		Ongoing	<i>Reviewed at time of application, declare and participate</i>
Jaydeep Sarma	Specialist committee member	Financial	Previously received sponsorship to attend conferences funded by Abbott Vascular, BMS, Medtronic and Astra Zeneca Stopped accepting major sponsorship due to NICE regulations as part of guidelines committee	1996		February 2019	<i>Reviewed at time of application, declare and participate</i>

Name	Role with NICE	Type of interest	Description of interest	Interest arose	Interest declared	Interest ceased	Comments
Jaydeep Sarma	Specialist committee member	Financial	Occasional refreshments provided by industry before and after complex coronary structural interventions (coffee and snacks)	2008		Ongoing	<i>Reviewed at time of application, declare and participate</i>
Jaydeep Sarma	Specialist committee member	Non-financial professional and personal interest	Committee member, NICE ACS guidelines committee	2018		2020	<i>Reviewed at time of application, declare and participate</i>
Jaydeep Sarma	Specialist committee member	Non-financial professional and personal interest	Lecture on CT evaluation of Fat Attenuation Index, including dinner	Nov 3rd 2022	September 2022	Nov 3rd 2022	<i>Declare and participate, AD, September 2022</i>
Jaydeep Sarma	Specialist committee member	Indirect	Programme committee member British Cardiovascular Society	2018		June 2022	<i>Reviewed at time of application, declare and participate</i>
Jaydeep Sarma	Specialist committee member	Indirect	Clinical co-lead, Manchester Academic Health Sciences Collaboration	2014		On-going	<i>Reviewed at time of application, declare and participate</i>
