

HTG194 – Percutaneous endoscopic laser cervical discectomy

SNOMED CT provides clinical terms for entry into the patient record to record clinical information relevant to that encounter; the mandated classifications (OPCS-4 or ICD-10) provide a method to collect and aggregate data to allow accurate and consistent data analysis.

Procedure and device:

SNOMED CT preferred term (concept ID)

Percutaneous endoscopic laser cervical discectomy (840571000000107)

OPCS-4 code(s):

V29.- Primary excision of cervical intervertebral disc

V55.- Levels of spine

Y76.3 Endoscopic approach to other body cavity

Y08.1 Laser excision of organ NOC

Or

V30.- Revisional excision of cervical intervertebral disc

V55.- Levels of spine

Y76.3 Endoscopic approach to other body cavity

Y08.1 Laser excision of organ NOC

Note: Codes within category **V55.-** are assigned in second place each time a spinal operation is coded: if the levels of spine are not specified, **V55.9 Unspecified levels of spine** is used.

Clinical coding recommendations for NICE guidance

For each published interventional procedure and medical technologies guidance, we work with NHS Digital to provide relevant clinical coding information.

SNOMED CT provides clinical terms for entry into the patient record to store clinical information relevant to that encounter.

The mandated classifications (OPCS-4 or ICD-10) provide a method to collect and aggregate data to allow accurate and consistent data analysis.

The UK Edition of SNOMED CT is managed by the Clinical Terminology Service of NHS Digital. For further information including licensing, see [UK Terminology Centre — NHS Digital](#).

The Clinical Classifications Service of NHS Digital is the central definitive source for clinical coding guidance and determines the coding standards associated with the classifications (OPCS-4 and ICD-10) to be used across the NHS. The Clinical Classifications Service and NICE work collaboratively to ensure the most appropriate classification codes are provided. [Clinical Classifications Service — NHS Digital](#).
