IP1143– Insertion of a collagen plug to close an abdominal wall enterocutaneous fistula Consultation Comments table

IPAC date: Friday 10th October 2014

Com. no.	Consultee name and organisation	Sec. no.	Comments	Response
1	Consultee 1: NHS Professional	Title	The title should not be specific about the position of the enterocutaneous fistulas as they are not only located on the abdominal wall.	Please respond to all comments Thank you for your comment. The Committee considered this comment but decided not to change the title of the guidance.

"Comments received in the course of consultations carried out by NICE are published in the interests of openness and transparency, and to promote understanding of how recommendations are developed. The comments are published as a record of the submissions that NICE has received, and are not endorsed by NICE, its officers or advisory committees."
