

IP1217/3 Balloon disimpaction of the baby's head at emergency caesarean during the second stage of labour

The mandated classifications (OPCS-4 or ICD-10) provide a method to collect and aggregate data to allow accurate and consistent data analysis.

Procedure:

OPCS-4 code(s):

R18.- Other caesarean delivery

R27.8 Other specified other operations to facilitate delivery

Category **R18 Other caesarean delivery** includes emergency caesarean delivery; a code from this category would be sequenced in the primary procedural field.

Diagnosis or health condition:

ICD-10 code(s):

The ICD-10 code(s) will depend on the diagnosis documented in the patient medical record.

Clinical coding recommendations for NICE guidance

For each published interventional procedure guidance, we work with NHS England to provide relevant clinical coding information.

The mandated classifications (OPCS-4 or ICD-10) provide a method to collect and aggregate data to allow accurate and consistent data analysis.

NICE and NHS England Terminology and Classifications Delivery Service work collaboratively to ensure the most appropriate OPCS-4 and ICD-10 codes are provided.

NHS England is the national release centre for the UK edition of ICD-10 and OPCS-4. Further Classifications information, see [here](#).
