1. Welcome, introductions and apologies

The chair welcomed the committee members and attendees to the 17th public health advisory committee D (PHAC D) meeting on managing common infections. The committee members and attendees introduced themselves.

The chair informed the committee that apologies had been received as noted above.

The chair outlined the objectives of the meeting, which included:

- Discussion and agreement of skin and soft tissue infection review protocols
- Discussion of new evidence and potential draft recommendation changes for guidance on the treatment of urinary tract infection (catheter-associated): antimicrobial prescribing

The minutes of the previous meeting were reviewed and agreed.

2. Declaration of interests

The chair asked the committee to declare any new or relevant interests

Name	Job title, organisation	Declarations of Interest
Albany Meikle	Technical Analyst NICE	Father employed by and holds shares in pharmaceutical company F. Hoffmann-La Roche.

The chair and a senior member of the NICE Development team (NDT) noted that the interests declared did not prevent the AM from participating in the meeting at the chair's discretion. TL confirmed AM will be asked to leave the meeting if the relevant drug is discussed or could be used in a recommendation.

There were no other additional interests declared.

3. Surveillance update

10.20 KN joined the meeting.

KN gave a presentation on the guideline surveillance programme within NICE.

10.40 KN left the meeting.

4. Discussion and agreement of skin and soft tissue infection review protocols

GM gave a presentation on the cellulitis review protocol.

10.45 SB joined the meeting.

AM also made notes on an electronic version of the review protocol.

12.05 AT joined the meeting.

The committee agreed the review protocol for cellulitis including the agreed changes.

GM gave a presentation on the diabetic foot infection review protocol. AM also made notes on an electronic version of the review protocol.

The committee agreed the review protocol for diabetic foot including the agreed changes.

5. Presentation from The University of Manchester

13.05 SS and MV joined the meeting

JH introduced SS and MV to the committee who gave a presentation on a study being conducted at The University of Manchester on antibiotic prescribing.

13.30 SS and MV left the meeting.

13.30 JH left the meeting.

6. Discussion of new evidence and potential draft recommendation changes for guidance on the treatment of urinary tract infection (catheter-associated): antimicrobial prescribing

GM gave a presentation on the new evidence for this guideline. The committee discussed the evidence presented. The committee discussed if any current recommendations needed changing as a result of the new evidence. The committee agreed no additional recommendation was required. Additional information will be included within the rationale section of the guideline.

The committee discussed outstanding consultation comments relating to antibiotic choice. Following discussion the committee agreed the antibiotic choice table.

The committee discussed outstanding consultation comments relating to definitions, signs and symptoms.

7. Update on current topics and process
