

April 2025 surveillance of post-traumatic stress disorder (NICE guideline NG116)

Surveillance report

Published: 8 April 2025

www.nice.org.uk

Limited evidence of effectiveness was found from a small number of RCTs of transcendental meditation (TM) for the treatment of PTSD but is unlikely to impact on recommendations at this time.

Surveillance decision

We will not update the guideline on post-traumatic stress disorder at this time.
