

January 2025 exceptional surveillance of suspected cancer: recognition and referral (NICE guideline NG12)

Surveillance report

Published: 24 January 2025

www.nice.org.uk

We reviewed the evidence to consider including recommendations on recognition and referral of suspected pharyngeal cancer.

Surveillance decision

We will not update this guideline to include recommendations specifically about suspected pharyngeal cancer at this time. We will continue to monitor this topic area for any future impact on this guideline.
