

Membership of Intrapartum care for women with existing medical conditions or obstetric complications and their babies Guideline Committee – Obstetric complications

The Committee will operate as an advisory Committee to NICE’s Board, developing a guideline on Intrapartum care for women with existing medical conditions or obstetric complications and their babies.

The terms of reference and standing orders for the Committee can be found in [appendix D of Developing NICE guidelines: the manual](#).

Variations to the terms of reference: there are two guideline committees, each developing recommendations for part of the guideline (in this case for women at high risk of adverse outcomes for themselves and/or their baby because of obstetric complications or other reasons – see separate document for membership of the Guideline Committee for women at high risk of adverse outcomes for themselves and/or their baby because of existing maternal medical conditions).

The Committee has 12 members and 1 co-opted member.

Membership list

Agreed constituency	Name	Job Title, Organisation	Comment
Chair			
Chair	Rhona Hughes	Consultant Obstetrician and Clinical Director for Obstetrics and Neonatology, NHS Lothian	
Members			
Obstetric anaesthetist	Philip Barclay	Consultant Anaesthetist, Chelsea and	

Committee membership list – Intrapartum care for women with existing medical conditions or obstetric complications and their babies Guideline Committee – Guideline Committee for obstetric complications

		Westminster Hospital NHS Foundation Trust	
Midwife in secondary care	Heidi Beddall	Consultant Midwife, Buckinghamshire Healthcare NHS Trust	
GP	Alena Chong	GP Principal, London Principal Clinical Teaching Fellow, University College London until February 2018 Senior Clinical Advisor, NHS England from November 2017

Declarations of interest

The effective management of conflicts of interests is an essential element in the development of the guidance and advice that NICE publishes. Please refer to the NICE website for the [Policy on Conflicts of Interest](#).

Interests declared up to and including January 2018 reflected NICE's 2014 policy; thereafter interests were recorded in accordance with NICE's 2018 policy.

Name	Job title, organisation	Declarations of Interest, date declared (recruitment / committee meeting)	Type of interest	Decision taken
Philip Barclay	Consultant Anaesthetist, Chelsea and Westminster Hospital NHS Foundation Trust	01/03/2016 Executive Committee member of the Obstetric Anaesthetists Association (OAA), registered as a Director at Companies House	Direct non-financial professional and personal non-specific	Declare and remain
