Joseph Runicles (JR)	Information Specialist, NGC

### **1. Welcome and objectives for the meeting**

The Chair welcomed the Committee members and attendees to the eighth committee meeting on diverticular disease.

The Chair informed the Committee that apologies had been received. These are noted above. The Chair outlined the objectives of the meeting.

### **2. Confirmation of matter under discussion, and declarations of interest**

The Chair confirmed that, for the purpose of managing conflicts of interest, the matters under discussion were those outlined on the agenda.

The Chair asked everyone to verbally declare any interests that have arisen since the last meeting. No new declarations of interest were received for this GC meeting. The Chair and a senior member of the Developer's team noted that the existing interests declared did not prevent the attendees from fully participating in the meeting.

### **3. Minutes of last meeting**

The Chair asked the Committee if it wanted any changes made to the minutes of the last meeting. The Committee agreed that the minutes were a true and accurate account of the meeting.

### **4. Presentations and discussion**

4.1 The committee discussed the recommendations and rationale and impact for the clinical reviews 3.7 and 3.8.

4.2 ND presented the clinical evidence for evidence review 3.7. What are the clinical and cost effectiveness of percutaneous drainage versus resectional surgery for the management of abscesses? The Committee then discussed the issues presented in relation to this guideline.

4.3 QM presented a summary of the clinical evidence for evidence review 3.8. What is the clinical and cost effectiveness of laparoscopic lavage versus resectional surgery for the management of bowel perforations? The Committee then discussed the issues presented in relation to this guideline.

4.4 SH presented the non-surgical treatment options to the committee

4.5 QM presented the results from Delphi round 2. The Committee then
