1. Welcome and objectives for the meeting

The Chair welcomed the committee members and attendees to the 16th committee meeting of the Diabetes Suite.

The Chair informed the committee that apologies had been received. These are noted above.

The objectives of the meeting were outlined, which included the presentation and discussion of clinical evidence relating to risk stratification and frequency of review, and health economic evidence relating to risk stratification for diabetic related foot problems.

The Chair asked everyone to verbally declare any interests. No new interests were declared.

2. Risk stratification tools: presentation of clinical evidence

The Chair introduced Hannah Stockton, Technical Analyst, who presented clinical evidence relating risk stratification tools for diabetic foot problems. The committee asked questions. The Chair thanked Hannah for her presentation and the committee for their questions and contributions.

3. Risk stratification tools: committee discussion

The Chair facilitated a committee discussion on the clinical evidence relating to risk stratification tools for diabetic foot problems. The Chair thanked the committee for their contributions.

<p>4. Frequency of review: presentation of clinical evidence</p>
<p>The Chair introduced Hannah Stockton, Technical Analyst, who presented clinical evidence relating to the frequency of review for diabetic foot problems. The committee asked questions. The Chair thanked Hannah for her presentation and the committee for their questions and contributions.</p>
<p>5. Frequency of review: Health economic evidence and cost assumptions</p>
<p>The Chair introduced Kirsty Luckham, Technical Analyst, who presented health economic evidence and cost assumptions for diabetic foot problems. The committee asked questions. The Chair thanked Kirsty for her presentation and the committee for their questions and contributions.</p>
<p>6. Frequency of review: committee discussion</p>
<p>The Chair facilitated a discussion on the frequency of review clinical and health economic evidence. The committee considered and further discussed the evidence relating to frequency of review and risk stratification and considered this along with the guideline recommendations within the scope of the update. The Chair thanked Kirsty for her presentation and the committee for their input.</p>
<p>7. AOB, next steps and summary</p>
<p>Chris Harris, Project Manager provided a brief overview of the next steps and key deadlines for this update.</p> <p>The Chair then asked the committee and project team if there were any further matters to raise. No further matters were discussed.</p>
<p>8. Meeting close</p>
<p>The Chair thanked the NICE team and committee members and closed the meeting.</p>

Date of next meeting: GCOM 17: Monday 21st November 9.00am to 5.00pm.
