DOC Cmte minutes

1. Welcome and objectives for the meeting

The chair welcomed the committee members and attendees to the 1st meeting on Antenatal Care. The committee members and attendees introduced themselves.

No members of the public asked to observe the meeting.

Apologies had been received from Nisreen A Alwan, James Hawkins and Jennifer Francis. The chair updated the group on the committee membership.

The chair confirmed that, for the purpose of managing conflicts of interest, the matter under discussion was antenatal care.

2. NICE - How guidelines are developed CK (NICE Guideline Commissioning Manager), presented information on how NICE Guidelines are created.

3. NICE Public Involvement EC NICE Public Involvement Adviser presented information on NICE's involvement with the public.

4. The ANC Guideline Scope- The topic advisor gave a presentation on the scope.

The committee were given the opportunity to ask questions.

5. Protocol discussion – The following protocols were presented by MOK, systematic reviewer

11.2 What interventions are effective and safe in treating heartburn during pregnancy?

11.3 What interventions are effective and safe in treating abnormal vaginal discharge during pregnancy?

11.4 What interventions are effective and safe in treating pelvic girdle pain during pregnancy?

11.5 What interventions are effective and safe in managing minor bleeding in pregnancy?

The committee were given the opportunity to ask questions and refine protocols.

8. AOB

There was no other business to discuss and the chair closed the meeting.

Date of next meeting: 20th September
