

October 2025 exceptional surveillance of heart valve disease presenting in adults: investigation and management (NICE guideline NG208)

Surveillance report

Published: 24 October 2025

www.nice.org.uk

In October 2025, we reviewed the recommendations on transcatheter aortic valve implantation (TAVI) to treat aortic stenosis.

Surveillance decision

We will update the recommendations. The update will focus on assessing the cost effectiveness of TAVI to treat aortic stenosis in people with low and intermediate surgical risk.
