Declaration is sufficient mitigation

The Chair and a senior member of the Developer's team noted that the interests declared above did not prevent the attendees from fully participating in the meeting.

The Chair and a senior member of the Developer's team noted due to an interest already declared previously, that the following member would not participate in a part of the meeting:

- Tim Coleman is unable to participate in drafting of recommendations relating to review question 5.2

3. Minutes of last meeting

The Chair asked the Committee if it wanted any changes made to the minutes of the last meeting. The Committee agreed that the minutes were a true and accurate account of the meeting.

The Chair confirmed that all matters arising had been completed or were in hand.

4. Presentations

The Chair introduced Olivia Crane, Technical Analyst, who gave an overview of the current committee roles and areas that we may wish to bring in co-opted support

Olivia took questions from the group.

Tobacco Suite Cmte minutes 24 Sept

5. Presentation of prevention section of guideline

Olivia Crane presented the prevention section of the guideline for the committee to review. Discussions and agreements were made

6. The committee discussed the research recommendations

7. The committee then discussed the Equality Impact assessment and discussed whether any expert testimonies would be required.

8. RQ5.2 Evidence reviews for incentives during pregnancy

Chair introduced Anita Sangha who gave a presentation of the evidence

9. The evidence was discussed by the committee and clarity obtained.

10. 5.2 Cost effectiveness evidence review for incentives during pregnancy

The chair introduced Chris Bartlett who presented the cost effectiveness evidence

The findings were discussed, and Chris and Lesley took questions from the group

11. RQ 5.2 drafting recommendations

The committee discussed the effectiveness and cost effectiveness evidence and drafted recommendations

12. 5.1 Cost effectiveness evidence review for opt-out stop smoking

The chair introduced Chris Bartlett which presented the cost effectiveness evidence

The findings were discussed, and Chris and Lesley took questions from the group

13. Clarification on RQ 6.1
