<b>Apologies:</b>	
Joseph Runicles	Information Specialist

## 1. Welcome and objectives for the meeting

The Chair welcomed the committee members and attendees to GC 9 on Osteoarthritis: assessment and management.

There were no apologies from the committee only one from the technical team, which has been noted above.

The Chair outlined the objectives of the meeting, which included:

- Reviewing the evidence review and drafting recommendations for;
  - Electrotherapy
- Protocol development, specifically
  - Follow up 6.1
  - Factors indicating need for referral for joint replacement 8.1a and 8.1b
  - Preoperative patient factors 8.2a-c
- Health economics
  - Unit costs
  - Modelling subgroup

## 2. Confirmation of matter under discussion, and declarations of interest

The Chair confirmed that, for the purpose of managing conflicts of interest, the matter under discussion was in relation to Follow up, Preoperative patient factors and Factors indicating need for joint replacement.

The Chair asked everyone to verbally declare any interests that have arisen since the last meeting. Those who joined later were also asked to declare any interests that may have arisen since the last meeting.

Name	Job title, organisation	Declarations of Interest, date declared	Type of interest	Decision taken
Jill Halstead-Rastrick	Advanced Podiatrist, Leeds Community Healthcare NHS Trust	Lectured at the University of Ulster on	Direct non-financial. Professional and personal interest.	Non-specific. No action other than the process of open declaration.
Philip Conaghan	Professor of Musculoskeletal Medicine & Director,	Grant received for developing digital intervention on upper limb including thumb	Direct non-financial. Professional and	Non-specific. No action other than the process of

	Leeds Institute of Rheumatic and Musculoskeletal Medicine, University of Leeds	osteoarthritis. This won't be finished for 6 years.	personal interest.	open declaration.
Jonathan Quicke	Academic Clinical Lecturer in Physiotherapy: Osteoarthritis and long-term, conditions, Versus Arthritis Primary Care Centre, Keele University	Smith RD, McHugh GA, Quicke JG, Dziedzic KS, Healey EL. Comparison of reliability, construct validity and responsiveness of the IPAQ-SF and PASE in adults with osteoarthritis. Musculoskeletal Care. 2021 Mar 8. doi: 10.1002/msc.1540. Online ahead of print. Jonathan Quicke	Academic Clinical Lecturer in Physiotherapy: Osteoarthritis and long-term, conditions, Versus Arthritis Primary Care Centre, Keele University	Swaithes L, Walsh N, Quicke JG. Are physiotherapists too bound to be boundary spanning? Musculoskeletal Care. 2021 Mar 2. doi: 10.1002/msc.1544. Online ahead of print.	Direct non-financial. Professional and personal interest.	Non-specific. No action other than the process of open declaration.
Jonathan Quicke	Academic Clinical Lecturer in Physiotherapy: Osteoarthritis and long-term, conditions, Versus Arthritis Primary Care Centre, Keele University	Østerås N, Blaker IB, Hjortland T, Cottrell E, Quicke JG, Dziedzic KS, Blackburn S, Paulsen A. Improving osteoarthritis management in primary healthcare: results from a quasi-experimental study. BMC Musculoskeletal Disord. 2021 Jan 14;22(1):79. doi: 10.1186/s12891-021-	Direct non-financial. Professional and personal interest.	Non-specific. No action other than the process of open declaration.

		03959-6.		
Nicky Wilson	Lecturer in Physiotherapy, King's College Hospital NHS Foundation Trust	Grant received for implementation of a pathway of care in the community	Direct non-financial. Professional and personal interest.	Non-specific. No action other than the process of open declaration.

The Chair and Guideline Lead noted that the interests declared did not prevent the attendees from fully participating in the meeting.

**TTo 3. Minutes of last meeting**

The Chair asked the Committee if it wanted any changes made to the draft minutes of the last meeting. The Committee agreed that the minutes were a true and accurate account of the meeting.

**4. Protocols, committee discussions and evidence reviews**

George Wood presented the evidence for the Electrotherapy evidence review. The Committee discussed and drafted recommendations which are highlighted in the committee discussions.

George Wood discussed the follow up and factors indicating the need for referral for joint replacement protocol.

Julie Neilson and George Wood discussed the preoperative patient factors protocol.

Julie Neilson presented the evidence for the imaging for diagnosis review. The Committee discussed and drafted recommendations which are highlighted in the committee discussions.

Muksit Rahman updated the committee on the health economics and plans for modelling.

**5. Any other business**

None.
