

Barrett's oesophagus Advisory Committee Interests Register

Publication Date: 23 January 2023

Name	Role with NICE	Type of interest	Description of interest	Interest arose	Interest declared	Interest ceased	Comments
Prof John Primrose	Committee chair	Direct non-financial professional and personal interest	Chair Trial Steering Committee of ASPECT trial. Appointed to an independent role on the trial steering committee and no other involvement in the trial.	2008	On application	2017	Partial exclusion for discussion on ASPECT trial for Q1.1 pharmacological interventions review
Prof John Primrose	Committee chair	Direct financial interest	Employed in the NHS as Professor of Surgery	2022	GC11	ongoing	No action required other than open declaration
Dr Massimiliano di Pietro	Committee topic adviser	Direct financial interest	Employed in the NHS as Senior Clinical Investigator Scientist and Honorary Consultant Gastroenterologist	2022	GC11	ongoing	No action required other than open declaration
Dr Massimiliano di Pietro	Committee topic adviser	Direct non-financial professional and personal interest	Endoscopy lead on Cytosponge BEST3 trial	2017	On application	Ongoing	No action required other than open declaration
Dr Massimiliano di Pietro	Committee topic adviser	Direct non-financial professional and personal interest	Member of the UK RFA registry group	2012	On application	Ongoing	No action required other than open declaration

Dr Massimiliano di Pietro	Committee topic adviser	Direct non-financial professional and personal interest	Investigator in the upcoming BEST4 study assessing Cytosponge for Barrett's surveillance	2021	GC4	Ongoing	No action required other than open declaration
Dr Massimiliano di Pietro	Committee topic adviser	Direct non-financial professional and personal interest	Chief investigator of ACE-B study, RCT looking at autofluorescence and probe-based confocal endomicroscopy for Barrett's surveillance (under review)	2017	GC4 21/10/21	Ongoing	No action required other than open declaration
Dr Massimiliano di Pietro	Committee topic adviser	Direct non-financial professional and personal interest	Use of a Cytosponge biomarker panel to prioritise endoscopic Barrett's oesophagus surveillance: a crosssectional study followed by a real-world prospective pilot (2021) Nastazja Dagny Pilonis*, Sarah Killcoyne*, W Keith Tan, Maria O'Donovan, Shalini Malhotra, Monika Tripathi, Ahmad Miremadi, Irene Debiram-Beecham, Tara Evans, Rosemary Phillips, Danielle L Morris, Craig Vickery, Jon Harrison, Massimiliano di Pietro,	2021	GC6	2021	Partial exclusion for discussion on Q2.2, 2.2b non-endoscopic surveillance techniques and diagnostic accuracy reviews

			Jacobo Ortiz-Fernandez-Sordo, Rehan Haidry, Abigail Kerridge, Peter D Sasieni, Rebecca C Fitzgerald				
Dr Massimiliano di Pietro	Committee topic adviser	Direct non-financial professional and personal interest	PI on trial no other involvement Radiofrequency ablation vs endoscopic surveillance for patients with Barrett esophagus and low-grade dysplasia: a randomized clinical trial. Phoa KN, van Vilsteren FG, Weusten BL, Bisschops R, Schoon EJ, Ragunath K, Fullarton G, Di Pietro M, Ravi N, Visser M, Offerhaus GJ, Seldenrijk CA, Meijer SL, ten Kate FJ, Tijssen JG, Bergman JJ. JAMA. 2014 Mar 26;311(12):1209-17. doi: 10.1001/jama.2014.2511.	2014	GC9	2014	No action required other than open declaration
Dr Massimiliano di Pietro	Committee topic adviser	Direct non-financial professional and personal interest	PI on trial no other involvement The cost-effectiveness of radiofrequency ablation for Barrett's esophagus with	2017	GC9	2017	No action required other than an open declaration

			low-grade dysplasia: results from a randomized controlled trial (SURF trial). Phoa KN, Rosmolen WD, Weusten BLAM, Bisschops R, Schoon EJ, Das S, Ragunath K, Fullarton G, DiPietro M, Ravi N, Tijssen JGP, Dijkgraaf MGW, Bergman JJGHM; SURF investigators. Gastrointest Endosc. 2017 Jul;86(1):120-129.e2.				
Dr Massimiliano di Pietro	Committee topic adviser	Direct non-financial professional and personal interest	PI on trial no other involvement. Radiofrequency ablation for low-grade dysplasia in Barrett's esophagus: long-term outcome of a randomized trial. Pouw RE, Klaver E, Phoa KN, van Vilsteren FG, Weusten BL, Bisschops R, Schoon EJ, Pech O, Manner H, Ragunath K, Fernández-Sordo JO, Fullarton G, Di Pietro M, Januszewicz W, O'Toole D, Bergman JJ. Gastrointest Endosc. 2020 Sep;92(3):569-574.	2020	GC9	2020	No action required other than open declaration

Mr Stephen Brinkworth	Lay member	Direct non-financial professional and personal interest	Trustee and treasurer of Oesophageal Patients Association	June 2019	On application	Ongoing	No action required other than open declaration
Prof Tom Cosby	Clinical Oncologist	Direct Financial interest	Employed in the NHS as Consultant Clinical Oncologist in GI Cancer	2022	GC11	ongoing	No action required other than open declaration
Prof Tom Crosby	Clinical Oncologist	Direct non-financial professional and personal interest	Somnath Mukherjee, Christopher Hurtc, Ganesh Radhakrishna...Tom D.L. Crosby. Oxaliplatin/capecitabine or carboplatin/paclitaxel based pre-operative chemoradiation for resectable oesophageal adenocarcinoma (NeoSCOPE): long-term results of a randomised controlled trial. European Journal of Cancer (in press: accepted for publication)	2017	on application	2017	No action required other than open declaration
Prof Tom Crosby	Clinical Oncologist	Direct non-financial professional and personal interest	K. G. Foley, Z. Shi, P. Whybra, P. Kalendralis, R. Larue, M. Berbee, M. N. Sosef, C. Parkinson, J.	2019	on application	2019	No action required other than open declaration

Mr James Gossage	Upper Gastrointestinal Surgeon	Direct non-financial professional and personal interest	Cancer lead on the Association of Upper GI Surgery (AUGIS) committee (National Association GB& I)	2020	On application	ongoing	No action required other than open declaration
Mr James Gossage	Upper Gastrointestinal Surgeon	Indirect financial interest	Applying for funding for a surgical trial for the prevention of cancer in Barrett's oesophagus,	2020	On application	Ongoing	No action required other than open declaration

			ablative techniques are not part of the trial.				
Dr Helen Griffiths JOINED JAN 2022	Nurse	Direct financial interest	Employed in the NHS as Advanced Nurse Practitioner	2022	GC11	ongoing	No action required other than open declaration
Dr Helen Griffiths	Nurse	Indirect financial interest	Contracted casual employee Royal College of Physicians. Working for Joint Advisory group for Gastroenterology as a Lead Assessor in the endoscopy accreditation programme	2007	On application	ongoing	No action required other than open declaration
Dr Helen Griffiths	Nurse	Direct financial interest	Four Eyes Insight. Contracted consultant where required on projects where endoscopy services are looking to find service efficiencies or sustain change. Has not done any work to date	June 2021	On application	ongoing	No action required other than open declaration
Dr Helen Griffiths	Nurse	Indirect financial interest	Olympus USA - Presenter at Virtual infection prevention meeting not related to Barrett's Oesophagus	Jan 2021	On application	Jan 2021	No action required other than open declaration

Dr Helen Griffiths	Nurse	Indirect financial interest	Boston Scientific - Charing Infection Prevention workshop. Not related to Barrett's Oesophagus	Oct 2021	On application	Oct 2021	No action required other than open declaration
Dr Helen Griffiths	Nurse	Indirect financial interest	Cantel Medical - Faculty at decontamination training and education events	May 2020	On application	Ongoing	No action required other than open declaration
Dr Helen Griffiths	Nurse	Non-financial interest	Decontamination and TSE Advisor for the British Society of Gastroenterology (BSG).	2010	On application	ongoing	No action required other than open declaration
Dr Helen Griffiths	Nurse	Indirect non-financial professional and personal interest	Health Advisor Coeliac UK	2010	On application	ongoing	No action required other than open declaration
Dr Helen Griffiths	Nurse	Indirect non-financial professional and personal interest	Ex- officio committee member BSG Endoscopy &BSG Nurses committee reporting on decontamination matters.	2010	On application	ongoing	No action required other than open declaration

Dr Helen Griffiths	Nurse	Indirect non-financial professional and personal interest	BSG lead on Decontamination Professional Expert Communication Forum. Provide advice and support relevant publications on decontamination matters.	2013	On application	ongoing	No action required other than open declaration
Dr Helen Griffiths	Nurse	Indirect non-financial professional and personal interest	Member of Primary Care Society for Gastroenterology. Previously committee member and secretary.	2011	On application	ongoing	No action required other than open declaration
Dr Helen Griffiths	Nurse	Direct non-financial professional and personal interest	Author on study included in Q8.1 information and support review Griffiths, H. Understanding Barrett's columnar lined oesophagus from the patients' perspective: qualitative analysis of semistructured interviews with patients. Frontline Gastroenterology 2011;2:168–175.	2011	GC9	2011	Specific interest – open declaration is sufficient as views on topic balanced across the committee.
Dr Philip Kaye	Consultant GI Pathologist	Direct financial interest	Employed in the NHS as Consultant GI pathologist	2022	GC11	ongoing	No action required other than open declaration

Dr Philip Kaye	Consultant GI Pathologist	Direct financial interest	Private practice reporting Barrett's oesophagus and Barrett cancer	July 1999	On application	Ongoing	Mainly outsourced NHS work. No action required other than open declaration
Dr Philip Kaye	Consultant GI Pathologist	Direct non-financial professional and personal interest	Co-author of BSG guideline on the diagnosis and management of Barrett's Oesophagus	2013	On application	2013	No action required other than open declaration
Dr Philip Kaye	Consultant GI Pathologist	Direct non-financial professional and personal interest	Various publications with evidence in support of importance of surveillance and evolution of low grade dysplasia	2007	On application	Ongoing	No action required other than open declaration
Dr Gaius Longcroft-Wheaton	Gastroenterologist	Direct Financial interest	Employed in the NHS as Consultant Gastroenterologist	2022	GC11	ongoing	No action required other than open declaration
Dr Gaius Longcroft-Wheaton	Gastroenterologist	Direct non-financial professional and personal interest	Author on study included in Q2.1b diagnostic accuracy of endoscopic surveillance. Longcroft-Wheaton G, Fogg C, Chedgy F, Kandiah K, Murray L, Dewey A, Barr H, Higgins B, Poller D, Jankowski J, DeCaestecker J, Bhandari P; ABBA Study Group.
