## 2. Confirmation of matter under discussion, and declarations of interest

The Chair confirmed that, for the purpose of managing conflicts of interest, the matters under discussion were multiple obstetric topics including Intrapartum care (IPC).

The Chair asked everyone to verbally declare any interests that have risen since the last meeting. New interests were declared and noted below.

Name	Role	Type of interest	Description of interest	Relevant dates			Comments
				Interest arose	Interest declared	Interest ceased	
Aung Soe	Committee Member	Direct, personal and professional	UKMidSS steering group membership	2017	11/06/2021	Ongoing	Declare and participate Agreed by: GL June 2021 Rationale: Some of the topics addressed by UKMidSS may overlap with topics being updated in the guideline, or may form evidence for the guideline. The research is carried out and published by the UKMidSS group so membership of the steering group is not likely to lead to a conflict of

							interest when making recommendations on these topics.
