The consultation includes the following questions:

1. Do you agree with the proposal to update the above listed guideline sections on intravenous fluid therapy for children and young people with shock?

Please could let us know if you agree or disagree (yes/no) and provide with your comments regarding your decision. Please indicate whether you agree or disagree on all listed guidelines above or only on specific guideline(s)

2. Do you think current UK clinical practice is aligned with NICE guidance for the intravenous fluid therapy for children and young people with shock?

Please provide your comments on all guidelines listed above, or only on specific guidelines.

4. Are you aware of any safety issue on changing early fluids bolus(es) from 20ml/kg to 10ml/kg in children and young people with recognised shock?

Please provide your comments on all guidelines listed above or specific guidelines.

3. Do you have any comments on equality issues regarding fluid therapy for children and young people with shock in general?

Please note: Responses to consultation questions will need to be submitted online, by signing into your NICE account. The consultation closes at **5pm on Friday 19th August 2022.**
