Notes

1. PC welcomed the group to the seventh meeting of this GDG. The Chair asked all GDG members to declare any relevant conflicts of interest. There was one personal non-pecuniary interest.
 - 1.1. PC has been invited to give a talk on IV fluids at the annual conference of the European Society of Paediatric Anaesthesiology in Prague on 18 September 2014. Usual travel and accommodation expenses will be covered. An honorarium will not be received.
2. The minutes of the last meeting of this group were agreed as a true and accurate account of the meeting.
3. The group discussed the LETR on fluid type for resuscitation and agreed on a number of changes.

Notes

4. JN presented the clinical evidence on the key components of documentation. The group then reviewed an example fluid balance chart provided by PC. A discussion followed and the GDG drafted a recommendation.
5. EG presented a cost analysis of weight and fluid assessment strategies for monitoring IV fluids in children.
6. FON presented the clinical evidence for fluid type for maintenance in children. The GDG discussed the evidence and drafted a recommendation.
7. JN and FON presented the draft protocols for the outstanding review questions. The GDG discussed arising issues.
8. FON presented the clinical evidence on lab based versus point of care testing. The GDG discussed the evidence and drafted a recommendation.

Date, time and venue of the next meeting

Tuesday 2 September 2014, 10.30 – 4.30pm, Donald Hunter Room, Royal College of Physicians, 11 St Andrews Place, London.
