

## IV fluids in children

### Intravenous fluid therapy in children and young people in hospital

*Appendix L*

*December 2015*

*Commissioned by the National Institute for  
Health and Care Excellence*

**Disclaimer**

Healthcare professionals are expected to take NICE clinical guidelines fully into account when exercising their clinical judgement. However, the guidance does not override the responsibility of healthcare professionals to make decisions appropriate to the circumstances of each patient, in consultation with the patient and/or their guardian or carer.
