

January 2026 exceptional surveillance of HIV testing: increasing uptake among people who may have undiagnosed HIV (NICE guideline NG60)

Surveillance report

Published: 30 January 2026

www.nice.org.uk

In January 2026, we reviewed this guideline following the publication of the [Department of Health & Social Care's \(DHSC\) HIV Action Plan for England, 2025 to 2030](#).

Surveillance decision

We decided to add a link at the start of the recommendations section to the DHSC's HIV Action Plan to highlight its approach to opt-out testing.
