1. Welcome and objectives for the meeting

The Chair welcomed the Committee members and attendees to the first meeting on Drugs Misuse Prevention. The Committee members and attendees introduced themselves.

The Chair welcomed the members of the public to the meeting. The members of the public had been briefed already, both verbally and in writing by the NICE team, and the Chair reminded them of the protocol for members of the public, whose role is to observe (they should not speak or ask questions). No filming or recording of the meeting is permitted. The Chair reminded all present that the Committee is independent and advisory, that its decisions and recommendations to NICE do not represent final NICE guidance, and that they may be changed as a result of public consultation.

The Chair informed the Committee that apologies had been received. These are noted above.

The Chair outlined the objectives of the meeting, which included:

- discussing the scope of the guidance including any related guidance and potential equality issues
- hearing from the internal review team as to their progress to date
- discussing the draft review of cost effectiveness

PHAC C minutes 5th November 2015

- discussing the draft economic modelling plan
- discussing opportunities for addressing any gaps in the evidence

2. Confirmation of matter under discussion, and declarations of interest

The Chair confirmed that, for the purpose of managing conflicts of interest, the matter under discussion was in relation to 'Drug misuse prevention: targeted interventions'.

The Chair asked everyone to verbally declare any interests that they have in regard to the matter under discussion.
