1. Welcome and objectives for the meeting

The Chair welcomed the Committee members and attendees to the seventh meeting on the developmental follow-up of preterm babies. The Committee members and attendees introduced themselves.

The Chair informed the Committee that apologies had been received. These are noted above.

The Chair outlined the objectives of the meeting, which included: drafting protocols, reviewing the evidence for the guideline and drafting recommendations.

2. Confirmation of matter under discussion, and declarations of interest

The Chair confirmed that, for the purpose of managing conflicts of interest, the matter under discussion was the developmental follow-up of preterm babies.

The Chair asked everyone to verbally declare any interests that have arisen since the last meeting.

The Chair and a senior member of the Developer's team noted that the interests declared did not prevent the attendees from participating in the meeting.

3. Minutes of last meeting

The Chair asked the Committee if it wanted any changes made to the minutes of the last meeting. The Committee agreed that the minutes were a true and accurate account of the meeting.

4. Presentations

The Chair introduced Vanessa Delgado Nunes, Guideline Lead, who gave a presentation on the protocol for information sharing, and took questions from the Committee.

Yelan Guo, Senior Research Fellow, gave a short introduction to the difference between prevalence, risk and incidence in evidence reviews.

Maija Kallioinen, Research Assistant, and Sadia Janjua, Research Fellow, gave a presentation on the evidence review for the prevalence of developmental disorders, and took questions from the Committee.

Alex Bates, Health Economist, gave a presentation on the health economic model and took questions from the Committee.

Maija Kallioinen, Research Assistant, gave a presentation on the updated evidence review for the risk of developmental problems and took questions from the Committee.

The Committee thanked everyone involved for their presentations and contribution to the development of the guideline.

5. Questions and discussion

The Chair and Vanessa Delgado Nunes, Guideline Lead, led the Committee through the process of drafting the protocol for information sharing.

The Chair led the Committee through the process of drafting recommendations and LETRs for the evidence review for the prevalence of developmental disorders and the updated evidence review for the risk of developmental problems.

6. Any other business

There were no other items of business. The Chair thanked the Committee for attending and closed the meeting.

Date of next meeting: 12/07/2016 – 13/07/2016 **Location of next meeting:**
Royal College of Obstetricians and Gynaecologists,
London
