

Endorsed resource - Euroking Maternity Software Solutions Ltd

Implementation support

Published: 30 June 2016

www.nice.org.uk

[Euroking Maternity Software Solutions Ltd](#) has produced a [computer software program](#) for recording data for maternity care that supports all of the statements in the NICE quality standards on intrapartum care, caesarean section, inducing labour and postnatal care. It also supports statements directly related to the clinical aspects of maternity care for women in the NICE quality standards on:

- Antenatal care
- Antenatal and postnatal mental health
- Diabetes in pregnancy
- Hepatitis B
- Hypertension in pregnancy
- Infection prevention and control
- Intravenous fluid therapy in adults in hospital
- Jaundice in newborn babies under 28 days
- Maternal and child nutrition
- Multiple pregnancy
- Neonatal infection
- Neonatal specialist care
- Patient experience in adult NHS services
- Smoking: supporting people to stop
- Venous thromboembolism in adults: reducing the risk in hospital
