Equality impact assessment – Guidance development

STA Osimertinib for adjuvant treatment of EGFR mutation- positive non-small-cell lung cancer after complete tumour resection (Review of TA761)

The impact on equality has been assessed during this appraisal according to the principles of the NICE equality scheme.

Consultation

- | | |
|-----------------|--|
| 1. | Have the potential equality issues identified during the scoping process been addressed by the committee, and, if so, how? |
| None identified | |

- | | |
|-----------------|---|
| 2. | Have any other potential equality issues been raised in the submissions, expert statements or academic report, and, if so, how has the committee addressed these? |
| None identified | |

- | | |
|-----------------|---|
| 3. | Have any other potential equality issues been identified by the committee, and, if so, how has the committee addressed these? |
| None identified | |

- | | |
|----|---|
| 4. | Do the preliminary recommendations make it more difficult in practice for a specific group to access the technology compared with other |
|----|---|

groups? If so, what are the barriers to, or difficulties with, access for the specific group?
None identified

5. Is there potential for the preliminary recommendations to have an adverse impact on people with disabilities because of something that is a consequence of the disability?
None

6. Are there any recommendations or explanations that the committee could make to remove or alleviate barriers to, or difficulties with, access identified in questions 4 or 5, or otherwise fulfil NICE's obligations to promote equality?
N/A

7. Have the committee's considerations of equality issues been described in the draft guidance, and, if so, where?
N/A

Approved by Associate Director (name): Ross Dent

Date: 19/06/2024

Final draft guidance

1. Have any additional potential equality issues been raised during the consultation, and, if so, how has the committee addressed these?

None identified

2. If the recommendations have changed after consultation, are there any recommendations that make it more difficult in practice for a specific group to access the technology compared with other groups? If so, what are the barriers to, or difficulties with, access for the specific group?

N/A

3. If the recommendations have changed after consultation, is there potential for the recommendations to have an adverse impact on people with disabilities because of something that is a consequence of the disability?

N/A

4. If the recommendations have changed after consultation, are there any recommendations or explanations that the committee could make to remove or alleviate barriers to, or difficulties with, access identified in questions 2 and 3, or otherwise fulfil NICE's obligations to promote equality?

N/A

5. Have the committee's considerations of equality issues been described in the final draft guidance, and, if so, where?

N/A
