

## Technology Advisory Interests Register

**Topic: Glocitamab with gemcitabine and oxaliplatin for treating relapsed or refractory diffuse large B-cell lymphoma [ID6202]**

**Publication Date: TBC**

Name	Role with NICE	Type of interest	Description of interest	Interest declared	Comments
Mike Chambers	TAC Committee Member	Indirect - Financial	I have attended an advisory board for Accord (comparator mfr) in an unrelated disease area (small-cell lung cancer) and an advisory panel for Pfizer (comparator mfr) in an unrelated disease area (prostate cancer).	11/06/2025 23/09/2025	It was agreed that Mike's declaration would not prevent them from participating in discussions on this appraisal.
Stella O'Brien	TAC Committee Member	Indirect - Non-financial professional	I'm a member of the Genetics Alliance UK PPIE Working Group on ATMPs affiliated with CATAPULT cell and gene therapy to encourage the integration of PPIE throughout the research cycle from the earliest stages and onwards. CATAPULT is a network of not-for profit, independent centres which connect businesses with the UK's research and academic communities. Although CAR-T therapies are an example of ATMPs, I have not contributed to work on CAR-T therapies with this group. However, the working group provided a letter	11/06/2025 24/09/2025	It was agreed that Stella's declaration would not prevent them from participating in discussions on this appraisal.
