

Epilepsy: register

NICE indicator

Published: 19 August 2023

www.nice.org.uk/indicators/ind253

Indicator

The contractor establishes and maintains a register of patients aged 18 or over receiving drug treatment for epilepsy.

Indicator type

General practice indicator suitable for use in the Quality and Outcomes Framework.

This document does not represent formal NICE guidance. For a full list of NICE indicators, see our [menu of indicators](#).

To find out how to use indicators and how we develop them, see our [NICE indicator process guide](#).

Rationale

This indicator establishes a register of people receiving drug treatment for epilepsy with

the aim of facilitating support and management.

Source guidance

- [Epilepsies in children, young people and adults. NICE guideline NG217 \(2022\)](#)

Specification

A register of people aged 18 or over receiving drug treatment for epilepsy.

Exclusions: People with an epilepsy resolved code after the latest epilepsy diagnosis code or with no epilepsy drug treatment code in the last 6 months of the reporting period.
