**The XprESS Multi-Sinus Dilation System for the
treatment of chronic rhinosinusitis**

The impact on equality has been assessed during this evaluation according to the principles of the NICE Equality scheme.

1. Have any potential equality issues been identified during the development of the briefing note or during the Committee meeting, and, if so, what are they?

No equality issues were identified during the development of the briefing note.

2. What is the preliminary view as to what extent these potential equality issues need addressing by the Committee?

No action required.

3. Does the scope need to highlight any potential equality issues? If so, how?

No action required.
