

Economic plan

This plan identifies the areas prioritised for economic modelling. The final analysis may differ from those described below. The rationale for any differences will be explained in the guideline.

1 Guideline

Supporting adult carers

2 List of modelling questions

Review questions by scope area	What is the effectiveness of different models of training for safeguarding in care homes?
Population	Home care workers and managers with responsibility for safeguarding adults in care homes
Interventions and comparators considered for inclusion	<ul style="list-style-type: none"> • Face-to-face training • E-learning
Perspective	Social care
Outcomes	QALY
Type of analysis	Cost utility analysis (CUA)
Issues to note	In the absence of data, utility and effectiveness values are modelled on a “what-if” basis
