**Notes**

1. The Chair welcomed the group to the second meeting of this GC. Apologies were received from KA and JC.
2. The Chair reviewed and requested declarations of interest. The Chair declared that in relation to previous declarations recorded in the DOI register, for this meeting, no action applies. There were no new declarations of interest received for this GC meeting.
3. The minutes and notes from GC1 were reviewed. Minor amendments were required. They were then agreed to be an accurate record of the meeting.
4. BD presented the relationship with NICE and role of Guideline Commissioning Manager.
5. The committee discussed the protocols for accuracy of tests and monitoring intervals and made amendments where required.
6. HT gave a presentation to confirm the definitions of prospective/retrospective studies.
7. EP and EF summarised the clinical evidence and the health economic model relating to pharmacological treatments that was published in the original guideline.
8. AOB: next steps and action points were determined.

**Date of next meeting:** GC3, Tuesday 25 October 2016, 1000–1600, NGC Boardroom, 180 Great Portland Street, London W1W 5QZ.
